

21–180 was approved on November 20, 2001.

This determination of the regulatory review period establishes the maximum potential length of a patent extension. However, the U.S. Patent and Trademark Office applies several statutory limitations in its calculations of the actual period for patent extension. In its application for patent extension, this applicant seeks 664 days of patent term extension.

Anyone with knowledge that any of the dates as published are incorrect may submit to the Division of Dockets Management (see **ADDRESSES**) written comments or electronic comments and ask for a redetermination by April 6, 2004. Furthermore, any interested person may petition FDA, for a determination regarding whether the applicant for extension acted with due diligence during the regulatory review period by August 4, 2004. To meet its burden, the petition must contain sufficient facts to merit an FDA investigation. (See H. Rept. 857, part 1, 98th Cong., 2d sess., pp. 41–42, 1984.) Petitions should be in the format specified in 21 CFR 10.30.

Comments and petitions should be submitted to the Division of Dockets Management. Three copies of any mailed information are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document. Comments and petitions may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday.

DEPARTMENT OF HOMELAND SECURITY

Bureau of Customs and Border Protection

Extension of General Program Test Regarding Post Entry Amendment Processing

AGENCY: Customs and Border Protection, Department of Homeland Security.

ACTION: General notice.

SUMMARY: This document announces that the general program test regarding post entry amendment processing is being extended for a one year period. The test will continue to operate in

accordance with the notice published in the **Federal Register** on November 28, 2000, as modified by the notice published in the **Federal Register** on February 20, 2003.

DATES: The test allowing post entry amendment to entry summaries is extended to December 31, 2004.

FOR FURTHER INFORMATION CONTACT: Don Yando, Chief, Entry and Drawback Branch, Office of Field Operations, 202–927–1082 or Debbie Scott, Entry and Drawback Branch, OFO, 202–927–1962.

SUPPLEMENTARY INFORMATION:

Background

The Bureau of Customs and Border Protection (CBP) announced and described the post entry amendment processing test in a general notice document published in the **Federal Register** (65 FR 70872) on November 28, 2000. That notice announced that the test would commence no earlier than December 28, 2000, and run for approximately one year. On January 7, 2002, CBP published a general notice in the **Federal Register** (67 FR 768) extending the test for a one year period to December 21, 2002. CBP published another general notice in the **Federal Register** (68 FR 8329) on February 20, 2003, extending the test for an additional year to December 31, 2003.

This document announces that the test is being extended to December 31, 2004. The test allows importers to amend entry summaries (not informal entries) prior to liquidation by filing with CBP either an individual amendment letter upon discovery of an error or a quarterly tracking report covering any errors that occurred during the quarter. The November 28, 2000, general notice described how to file post entry amendments for revenue related errors and non-revenue related errors and the consequences of misconduct by importers during the test. It also provided that there are no application procedures or eligibility requirements. To participate in the test, an importer need only follow the procedure for making a post entry amendment set forth in the November 28, 2000, general notice.

Comments received in response to the previously published general notices have been reviewed and CBP continues to evaluate the test. Changes to the test based on the comments and the evaluation will be announced in the **Federal Register** in due course. The test may be further extended if warranted. Additional information on the post entry amendment procedures can be found under “import”, then “cargo summary” at <http://www.cbp.gov>.
