

submitted to the Commission for approval or disapproval. In this regard, the Commission's role can be viewed as an appellate one: to affirm or remand the rates submitted to it for review.¹⁴

12. Moreover, review at this interim stage is further limited. In view of the volume and complexity of a Bonneville rate application, such as the one now before the Commission in this filing, and the limited period in advance of the requested effective date in which to review the application,¹⁵ the Commission generally defers resolution of issues on the merits of Bonneville's application until the order on final confirmation. Thus, the proposed rates, if not patently deficient, generally are approved on an interim basis and the parties are afforded an additional opportunity in which to raise issues with regard to Bonneville's filing.¹⁶

13. The Commission declines at this time to grant final confirmation and approval of Bonneville's proposed wholesale power and transmission rates. The Commission's preliminary review nevertheless indicates that Bonneville's wholesale power and transmission rates filing appears to meet the statutory standards and the minimum threshold filing requirements of Part 300 of the Commission's regulations.¹⁷ Moreover,

the Commission's preliminary review of Bonneville's submittal indicates that it does not contain any patent deficiencies. The proposed rates therefore will be approved on an interim basis pending full review for final approval. We note, as well, that no one will be harmed by this decision because interim approval allows Bonneville's rates to go into effect subject to refund with interest; the Commission may order refunds with interest if the Commission later determines in its final decision not to approve the rates.¹⁸

14. In addition, we will provide an additional period of time for parties to file comments and reply comments on issues related to final confirmation and approval of Bonneville's proposed rates. This will ensure that the record in this proceeding is complete and fully developed.

The Commission orders:

(A) Interim approval of Bonneville's proposed wholesale power and transmission rates is hereby granted, to become effective on October 1, 2021, through September 30, 2023, subject to refund with interest as set forth in section 300.20(c) of the Commission's regulations,¹⁹ pending final action and either their approval or disapproval.

(B) Within 30 days of the date of this order, parties who wish to do so may

file additional comments regarding final confirmation and approval of Bonneville's proposed rates. Parties who wish to do so may file reply comments within 20 days thereafter.

(C) The Secretary shall promptly publish this order in the **Federal Register**.

By the Commission.

Issued: September 30, 2021.

Kimberly D. Bose,
Secretary.

FEDERAL RESERVE SYSTEM

[Docket Number: OP-1613]

New Message Format for the Fedwire® Funds Service

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Notice of adoption of message format and request for comment.

SUMMARY: The Board of Governors of the Federal Reserve System (Board) is announcing that the Federal Reserve Banks (Reserve Banks) will adopt the ISO® 20022 message format for the Fedwire® Funds Service. The Board is also requesting public comment on a revised plan for migrating the Fedwire Funds Service to the ISO 20022 message format. Specifically, the Board is proposing that the Federal Reserve Banks would adopt the ISO 20022 message format on a single day rather than in three separate phases, as previously proposed. This single-day migration would be targeted for, and would be no earlier than, November 2023. Adopting ISO 20022 for the Fedwire Funds Services is part of a broader set of strategic initiatives to enhance Federal Reserve payment services, including an initiative to potentially expand the operating hours of the Fedwire Funds Service and the National Settlement Service.

DATES: Comments must be received on or before January 4, 2022.

ADDRESSES: You may submit comments, identified by Docket No. OP-1613, by any of the following methods:

- **Agency Website:** <http://www.federalreserve.gov>. Follow the instructions for submitting comments at <http://www.federalreserve.gov/generalinfo/foia/ProposedRegs.cfm>.
