Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that minorities, women, and persons with disabilities are aware of this notice, FSIS will announce it online through the FSIS Web page located at http://www.fsis.usda.gov/regulations/2009_Notices_Index/. FSIS will also make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to constituents and stakeholders. The FSIS Constituent Update is communicated via Listserv, a free electronic mail subscription service for industry, trade groups, consumer interest groups, health professionals, and other individuals who have asked to be included. The FSIS Constituent Update is also available on the FSIS

Web page. Through the Listserv and Web page, FSIS is able to provide information to a much broader and more diverse audience. In addition, FSIS offers an electronic mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/news_and_events/email_subscription/. Options range from recalls to export information to regulations, directives and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Done at Washington, DC, on October 20, 2009.

Karen Stuck,

U.S. Manager for Codex Alimentarius.

Certain Sodium and Potassium Phosphate Salts From the People's Republic of China: Initiation of Countervailing Duty Investigation

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 23, 2009.

FOR FURTHER INFORMATION CONTACT: Yasmin Nair or Joseph Shuler, AD/CVD Operations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3813 and (202) 482-1293, respectively.

SUPPLEMENTARY INFORMATION:

The Petition

On September 24, 2009, the Department of Commerce ("Department") received a petition filed in proper form by ICL Performance Products LP and Prayon, Inc. (collectively, "Petitioners"), domestic producers of certain sodium and potassium phosphate salts.¹ In response to the Department's requests, Petitioners provided timely information supplementing the Petition on October 1, 2009.

In accordance with section 702(b)(1) of the Tariff Act of 1930, as amended ("the Act"), Petitioners allege that manufacturers, producers, or exporters of sodium and potassium phosphate salts in the People's Republic of China ("PRC") receive countervailable subsidies within the meaning of section 701 of the Act, and that such imports are materially injuring, or threatening material injury to, an industry in the United States.

The Department finds that Petitioners filed the Petition on behalf of the domestic industry because they are interested parties as defined in section 771(9)(C) and (D) of the Act, and Petitioners have demonstrated sufficient industry support with respect to the countervailing duty ("CVD") investigation (see "Determination of Industry Support for the Petition" section below).

¹ See Petition for the Imposition of Antidumping and Countervailing Duties Pursuant to Sections 701 and 731 of the Tariff Act of 1930, as Amended: Certain Sodium and Potassium Phosphate Salts from the People's Republic of China, dated September 24, 2009 ("Petition").
