

DATES: Written nominations for membership on the ACTPCMD must be received on or before April 30, 2023.

ADDRESSES: Nomination packages must be electronically submitted to the Designated Federal Official, Shane Rogers, at email: BHWAdvisoryCouncil@hrsa.gov.

FOR FURTHER INFORMATION CONTACT:

Shane Rogers, Designated Federal Official, Division of Medicine and Dentistry, Bureau of Health Workforce, email SRogers@hrsa.gov or call 301–443–5260. A copy of the current committee membership, charter, and reports can be obtained by accessing the ACTPCMD website at <https://www.hrsa.gov/advisory-committees/primarycare-dentist/index.html>.

SUPPLEMENTARY INFORMATION: The ACTPCMD advises and makes recommendations to the Secretary of HHS (Secretary) on policy, program development, and other matters of significance concerning the medicine and dentistry activities authorized under the Public Health Service (PHS) Act, as it existed upon the enactment of Section 749 of the PHS Act in 1998. The ACTPCMD also develops, publishes, and implements performance measures, develops and publishes guidelines for longitudinal evaluations, and recommends appropriation levels for programs under Part C of Title VII of the PHS Act. In addition, the Committee provides reports to the Secretary, the Senate Committee on Health, Education, Labor and Pensions, and the House of Representatives Committee on Energy and Commerce describing the activities of the Committee.

The ACTPCMD currently focuses on the following primary care professions and disciplines: Family Medicine, General Internal Medicine, General Pediatrics, Physician Assistants, General Dentistry, Pediatric Dentistry, Public Health Dentistry, and Dental Hygiene. The ACTPCMD meets not less than two times each calendar year.

Nominations: HRSA is requesting nominations for voting members to serve as Special Government Employees (SGEs) on ACTPCMD. The Secretary appoints ACTPCMD members with the expertise needed to fulfill the duties of the Committee. The membership requirements are set forth in section 749(b) of the PHS Act (42 U.S.C. 293l(b)). Nominees requested for this upcoming cycle include, but are not limited to, representatives from the primary care professions of family medicine, physician assistants, and general dentistry. Interested applicants may self-nominate or be nominated by another individual or organization.

Individuals selected for appointment to the Committee will be invited to serve for 3 years. Members of the ACTPCMD appointed as SGEs receive compensation for performance of their duties on the Committee and reimbursement for per diem and travel expenses incurred for attending ACTPCMD meetings.

The following information must be included in the package of materials submitted in order for an individual's nomination to be considered: (1) A letter of nomination from an employer, colleague, or a professional organization; (2) a current copy of the nominee's curriculum vitae; (3) a statement of interest from the nominee; and (4) a one-paragraph biographical sketch of the nominee. Nomination packages may be submitted directly by the individual being nominated or by the person/organization nominating them.

HHS endeavors to ensure that the membership of the ACTPCMD is fair and balanced in terms of points of view represented as well as between the health professions and a broad representation of geographic areas, including balance among urban and rural members, gender, and minorities, including racial and ethnic minority groups, as well as individuals with disabilities. At least 75 percent of the members of the Committee are health professionals. Appointments shall be made without discrimination of age, race, color, national origin, sex, disability, or religion. Members are appointed based on their competence, interest, and knowledge of the mission of the profession involved.

Individuals who are selected to be considered for appointment will be required to provide detailed information regarding their financial holdings, consultancies, and research grants or contracts. Disclosure of this information is required in order for HRSA ethics officials to determine whether there is a potential conflict of interest between the SGE's public duties as a member of ACTPCMD and their private interests, including an appearance of a loss of impartiality as defined by federal laws and regulations, and to identify any required remedial action needed to address the potential conflict.

Maria G. Button,

Director, Executive Secretariat.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection

Activities: Proposed Collection: Public Comment Request Information Collection Request Title: The Division of Independent Review Application Reviewer Recruitment Form Extension 0915–0295

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR should be received no later than May 5, 2023.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or by mail at: HRSA Information Collection Clearance Officer, Room 14N39, 5600 Fishers Lane, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call Samantha Miller, the HRSA Information Collection Clearance Officer, at (301) 443–1984.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the information request collection title for reference.

Information Collection Request Title: The Division of Independent Review Application Reviewer Recruitment Form OMB No. 0915–0295—Extension.

Abstract: HRSA is responsible for administering the review of eligible applications submitted for grants under HRSA competitive announcements. HRSA ensures that the objective review process is independent, efficient, effective, economical, and complies with the applicable statutes, regulations, and policies. Applications are reviewed by subject matter experts knowledgeable in health and public health disciplines for which support is requested. Review findings are advisory to HRSA programs responsible for making award decisions.

This announcement is a request for continuation of a web-based data collection system, the Reviewer Recruitment Module (RRM), used to gather critical reviewer information. The RRM uses standardized categories of information in drop down menu format for data such as the following: degree, specialty, occupation, work setting, and in select instances affiliations with organizations and institutions that serve special populations. Some program regulations require that objective review panels contain consumers of health services. Other demographic data may be voluntarily provided by a potential reviewer. Defined data elements assist HRSA in finding and selecting expert reviewers for objective review committees.

HRSA maintains a roster of approximately 9,000 qualified individuals who have actively served on HRSA objective review committees. The web based RRM simplifies reviewer registration entry using a user-friendly Graphical User Interface with a few data drop down menu choices, a search engine that supports key word queries in the actual resume or Curriculum Vitae text and permits reviewers to access and update their information at will and as needed. The RRM is 508 compliant and accessible by the general public via a link on the HRSA "Grants"

internet site, or by keying the RRM URL into their browser. The RRM is accessible using any of the commonly used internet browsers.

Need and Proposed Use of the Information: HRSA currently utilizes RRM to collect information from individuals who wish to volunteer as objective review committee participants for the Agency's discretionary and competitive grant or cooperative agreement funding opportunities. RRM provides HRSA with an effective search and communication functionality with which to identify and contact qualified potential reviewers. The RRM has an enhanced search and reporting capability to help ensure that the HRSA reviewer pool has the necessary skills, education, and diversity to meet the ever-evolving need for qualified reviewers. If HRSA identifies either an expertise or demographic that is under-represented in the RRM pool, HRSA is able to recruit specifically to address those needs. Expertise is always the primary determinant in selecting potential reviewers for any specific grant review; no reviewer is required to provide demographic information to join the reviewer pool or be selected as a reviewer for any competition.

Likely Respondents: All HRSA reviewers must possess the technical skill and ability to access the internet on

a secure desktop laptop, or touch pad, and either a land line or Voice Over internet Protocol capability to participate in HRSA objective review committees. Reviewers are professionals with expertise and experience consistent with the HRSA mission and competitive program needs to address the availability and delivery of quality health care to all Americans. Certain legislation requires HRSA programs to include consumers of specific health care services in the objective review committee.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
New reviewer	2,000	1	2,000	.166	332
Updating reviewer information	9,000	1	9,000	.333	2,997
Total	11,000	11,000	3,329

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Maria G. Button,

Director, Executive Secretariat.
