

determined that these test standards are appropriate test standards and will include them in the NRTL Program's List of Appropriate Test Standards.

TABLE 2—TEST STANDARDS OSHA IS ADDING TO THE NRTL PROGRAM'S LIST OF APPROPRIATE TEST STANDARDS

| Test standard    | Test standard title   |
|------------------|---|
| ISA 60079–25 ... | Standard for Explosive Atmospheres—Part 25: Intrinsically Safe Electrical Systems.                                    |
| UL 60079–26 .... | Standard for Explosive Atmospheres—Part 26: Equipment with Equipment Protection Level (EPL) Ga.                       |
| UL 60079–28 .... | Standard for Explosive Atmospheres—Part 28: Protection of Equipment and Transmission Systems Using Optical Radiation. |
| UL 60079–31 .... | Standard for Explosive Atmospheres—Part 31: Equipment Dust Ignition Protection Enclosure “t”.                         |

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, the use of the designation of the standards-developing organization for the standard as opposed to the ANSI designation may occur. Under the NRTL Program's policy (see OSHA Instruction CPL 1–0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

#### A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, FM must abide by the following conditions of the recognition:

1. FM must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. FM must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and
3. FM must continue to meet the requirements for recognition, including all previously published conditions on FM's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of FM, subject to the limitation and conditions specified above.

#### Authority and Signature

Loren Sweatt, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the Agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 1–2012 (77 FR 3912, Jan. 25, 2012), and 29 CFR 1910.7.

Signed at Washington, DC, on July 30, 2018.

**Loren Sweatt,**

*Deputy Assistant Secretary of Labor for Occupational Safety and Health.*

#### OFFICE OF MANAGEMENT AND BUDGET

##### Notice of Request for Information: Establishing a Government Effectiveness Advanced Research (GEAR) Center

**AGENCY:** Office of Management and Budget (OMB), Executive Office of the President.

**ACTION:** Notice of request for information: Establishing a Government Effectiveness Advanced Research (GEAR) Center.

**SUMMARY:** The Executive Office of the President seeks input from across sectors and disciplines on capabilities that already exist as well as key considerations in pursuing the Government Effectiveness Advanced Research (GEAR) Center initiative through a request for information (RFI) now available on [www.Performance.gov/GEARcenter](http://www.Performance.gov/GEARcenter).

The Federal Government intends to pursue a Government Effectiveness Advanced Research (GEAR) Center, which would be a public-private partnership focused on applied research that improves mission delivery, citizen services, and stewardship of public resources, as proposed in *Delivering Government Solutions for the 21st Century: Reform Plan and Reorganization Recommendations*. This

non-governmental, public-private partnership would address operational and strategic challenges facing the Federal Government, both now and into the future, by engaging researchers, academics, non-profits, and private industry across an array of disciplines, such as data science, organizational behavior, and user-centered design.

Through applied research and live pilot testing, the GEAR Center would connect cutting-edge thinking with real-world challenges the Federal Government faces in serving Americans in the Digital Age. This means re-imagining possibilities for how citizens interact with the Government; rethinking the delivery of citizen services and data; reforming core processes (e.g., procurement, budget, IT investment and capital allocation); and exploring how the public-sector workforce can be developed, reskilled and redeployed in creative ways.

**DATES:** September 14, 2018.

**ADDRESSES:** Submissions are due on September 14, 2018 through email to [performance@omb.eop.gov](mailto:performance@omb.eop.gov).

#### SUPPLEMENTARY INFORMATION:

##### Instructions for Written Responses

Interested parties should provide written responses to the questions outlined in the “Purpose of This RFI” section. Submissions are due on September 14, 2018 through email to [performance@omb.eop.gov](mailto:performance@omb.eop.gov).

Please include the below in your response, *limiting this portion of your response to one page*:

- The name of the individual(s) and/or organization responding.
- A brief description of the responding individual(s) or organization's mission and/or areas of expertise, including any public-private partnership work within the past three years with Federal, State, or local governments that is relevant to applied research on workforce reskilling and data commercialization.
- A contact for questions or other follow-up on your response.

## Next Steps

To get up-to-date information and view the RFI, please visit [www.performance.gov/GEARcenter](http://www.performance.gov/GEARcenter) and follow @PerformanceGov on Twitter.

Margaret Weichert,

OMB Deputy Director for Management.

## NUCLEAR REGULATORY COMMISSION

[NRC–2015–0252 and NRC–2016–0121]

### Program-Specific Guidance About Licenses Authorizing Distribution to General Licensees and Program-Specific Guidance About Special Nuclear Material of Less Than Critical Mass Licenses

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** NUREG; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) has issued Revision 1 to NUREG–1556, Volume 16, “Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Licenses Authorizing Distribution to General Licensees,” and Volume 17, “Consolidated Guidance About Materials Licenses: Program-Specific Guidance About Special Nuclear Material of Less Than Critical Mass Licenses.” NUREG–1556 Volumes 16 and 17 have been revised to include information on updated regulatory requirements, safety culture, security of radioactive materials, protection of sensitive information, and changes in regulatory policies and practices. These volumes are intended for use by applicants, licensees, and the NRC staff.

**DATES:** NUREG 1556, Volumes 16 and 17, Revision 1, were published in July 2018.

**ADDRESSES:** Please refer to Docket ID NRC 2015–0252 (NUREG–1556, Vol. 16, Rev. 1), and NRC–2016–0121 (NUREG–1556, Vol. 17, Rev. 1), when contacting the NRC about the availability of information regarding these documents. You may obtain publicly-available information related to these documents using any of the following methods:

- **Federal Rulemaking Website:** Go to <http://www.regulations.gov> and search for Docket ID NRC–2015–0252 or NRC–2016–0121. Address questions about NRC dockets to Jennifer Borges; telephone: 301–287–9127; email: [Jennifer.Borges@nrc.gov](mailto:Jennifer.Borges@nrc.gov). For technical questions, contact the individual listed

in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- **NRC’s Agencywide Documents Access and Management System (ADAMS):** You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “ADAMS Public Documents” and then select “Begin Web-based ADAMS Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to [pdr.resource@nrc.gov](mailto:pdr.resource@nrc.gov). NUREG–1556, Volumes 16 and 17, Revision 1, are located at ADAMS Accession Numbers ML18180A187 and ML18190A207, respectively. These documents are also available on the NRC’s public website at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/> under “Consolidated Guidance About Materials Licenses (NUREG–1556).”

- **NRC’s PDR:** You may examine and purchase copies of public documents at the NRC’s PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

**FOR FURTHER INFORMATION CONTACT:** Anthony McMurtray, Office of Nuclear Material Safety and Safeguards; U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–2746; email: [Anthony.McMurtray@nrc.gov](mailto:Anthony.McMurtray@nrc.gov).

### SUPPLEMENTARY INFORMATION:

#### I. Discussion

The NRC issued revisions to NUREG–1556, Volumes 16 and 17, to provide guidance to existing materials licensees covered under these types of licenses and to applicants preparing an application for one of these types of materials licenses. These NUREG volumes also provide the NRC staff with criteria for evaluating these types of license applications. The purpose of this notice is to notify the public that the NUREG–1556 volumes listed in this **Federal Register** notice were issued as final reports.

#### II. Additional Information

The NRC published notices of the availability of the draft report for comment versions of NUREG–1556, Volume 16, Revision 1 in the **Federal Register** on June 23, 2016 (81 FR 40928) and Volume 17, Revision 1 in the **Federal Register** on January 26, 2017 (82 FR 8547). Both of these volumes were published for a public comment period that was at least 32 days. The public comment period closed for

Volume 16 on July 25, 2016 and for Volume 17 on March 3, 2017. Public comments and the NRC staff responses to the public comments for NUREG–1556, Volume 16, Revision 1 are available under ADAMS Accession No. ML18136A728. Public comments and the NRC staff responses to the public comments for NUREG–1556, Volume 17, Revision 1 are available under ADAMS Accession No. ML18113A291.

### III. Congressional Review Act

These NUREG volumes are rules as defined in the Congressional Review Act (5 U.S.C. 801–808). However, the Office of Management and Budget has not found these NUREG revisions to be major rules as defined in the Congressional Review Act.

Dated at Rockville, Maryland, on July 30, 2018.

For the Nuclear Regulatory Commission.

Daniel S. Collins,

Director, Division of Materials Safety, Security, State and Tribal Programs, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590–01–P

## NUCLEAR REGULATORY COMMISSION

### Advisory Committee on Reactor Safeguards; Revised Notice of Meeting

In accordance with the purposes of Sections 29 and 182b of the Atomic Energy Act (42 U.S.C. 2039, 2232b), the Advisory Committee on Reactor Safeguards (ACRS) will hold meetings on September 6–8, 2018, 11545 Rockville Pike, Rockville, Maryland 20852.

Thursday, September 6, 2018,  
Conference Room T–2B1, 11545  
Rockville Pike, Rockville, Maryland  
20852

8:30 a.m.–8:35 a.m.: Opening Remarks by the ACRS Chairman (Open)—The ACRS Chairman will make opening remarks regarding the conduct of the meeting.

8:35 a.m.–10:00 a.m.: NuScale Topical Report TR–0915–17564, “Subchannel Analysis Methodology” (Open/Closed)—The Committee will have briefings by and discussion with representatives of the NRC staff and NuScale regarding the subject topical report. [Note: A portion of this session may be closed in order to discuss and protect information designated as proprietary, pursuant to 5 U.S.C 552b(c)(4)]

10:15 a.m.–11:45 a.m.: NuScale Design Certification Application (DCA),
