SUPPLEMENTARY INFORMATION: On June 25, 2007, the Architectural and Transportation Barriers Compliance Board (Access Board) published a notice of intent to establish an advisory committee to make recommendations on issues related to the effectiveness of emergency alarm systems for individuals with hearing loss or deafness on passenger vessels. (72 FR 34653; June 25, 2007). The notice identified the interests that are likely to be significantly affected by this rulemaking:

- Individuals with hearing loss or deafness, and other individuals with disabilities concerned about emergency alarm systems on passenger vessels;
- Passenger vessel operators;
- Manufacturers and designers of emergency alarm systems on passenger vessels; and
- Voluntary codes and standards groups which address emergency alarms on passenger vessels.

For the reasons stated in the notice of intent, the Access Board has determined that establishing the Passenger Vessel Emergency Alarms Advisory Committee (Committee) is necessary and in the public interest. The Access Board has

appointed the following organizations as members to the Committee:
