

[mac_nominations.html](#); via telephone request at (760) 833-7100; by written request from the Santa Rosa and San Jacinto Mountains National Monument Manager at the following address: Santa Rosa and San Jacinto Mountains National Monument Office, Attn: National Monument Manager, Advisory Committee Nomination Application Request, 1201 Bird Center Drive, Palm Springs, California 92262; or through an e-mail request at jfoote@ca.blm.gov.

Each application package includes forms from the U.S. Department of the Interior and U.S. Department of Agriculture. All submitted nomination applications become the property of the Department of the Interior, Bureau of Land Management, Santa Rosa and San Jacinto Mountains National Monument, and will not be returned. Nomination applications are good only for the current open public call for nominations.

John R. Kalish,

Field Manager, Palm Springs-South Coast Field Office, California Desert District, Bureau of Land Management.

Greg Casselberry,

Acting District Ranger, San Jacinto Ranger District, San Bernardino National Forest, U.S. Forest Service.

BILLING CODE 3410-11-P

DEPARTMENT OF THE INTERIOR

U.S. Geological Survey

Federal Interagency Steering Committee on Multimedia Environmental Modeling

AGENCY: U.S. Geological Survey (USGS), Department of the Interior (DOI).

ACTION: Notice of open meeting.

SUMMARY: The annual public meeting of the Federal Interagency Steering Committee on Multimedia Environmental Modeling (ISCMEM) will convene to discuss some of the latest developments in environmental modeling applications, tools and frameworks, as well as new operational initiatives for FY 2010 among the participating agencies.

Dates of Meeting: October 13-15, 2009.

Place: Two White Flint North (TWFN) Auditorium, Nuclear Regulatory Commission, 11545 Rockville Pike, Rockville, MD 20852.

Time: 9 a.m. to 5:30 p.m.

FOR FURTHER INFORMATION CONTACT:

Pierre D. Glynn, ISCMEM Chair, U.S. Geological Survey, National Research Program, Branch of Regional Research,

Eastern Region, 12201 Sunrise Valley Drive, Mail Stop 432, Reston, VA 20192. TEL 703-648-5823. FAX 703-648-5857. pglynn@usgs.gov.

SUPPLEMENTARY INFORMATION:

Background: Nine Federal agencies have been cooperating under a Memorandum of Understanding (MOU) on the research and development of multimedia environmental models. The MOU, which was revised in 2006, continues an effort that began in 2001. It establishes a framework for facilitating cooperation and coordination among the following agencies (the specific research organization within the agency is in parenthesis): National Science Foundation; U.S. Army Corps of Engineers (Engineer Research and Development Center); U.S. Department of Agriculture (Natural Resources Conservation Service); U.S. Department of Energy (Office of Biological and Environmental Research); U.S. Environmental Protection Agency; U.S. Geological Survey; U.S. National Oceanographic and Atmosphere Administration; U.S. Nuclear Regulatory Commission (Office of Nuclear Regulatory Research); and U.S. Bureau of Reclamation. These agencies are cooperating and coordinating in the research and development (R&D) of multimedia environmental models, software and related databases, including development, enhancements, applications and assessments of site specific, generic, and process-oriented multimedia environmental models as they pertain to human and environmental health risk assessment. Multimedia model development and simulation supports interagency interests in risk assessment, uncertainty analyses, water supply issues and contaminant transport.

Purpose of the Public Meeting: The annual public meeting and workshop provides an opportunity for the scientific community, other Federal and State agencies, and the public to be briefed on ISCMEM activities and their initiatives for the upcoming year, and to discuss technological advancements in multimedia environmental modeling.

Proposed Agenda: The ISCMEM Chair will open the meeting with a brief overview of the goals of the MOU and an update on current activities of ISCMEM. This introduction will be followed by a series of invited presentations starting on Tuesday morning, Oct 13, and ending on Thursday afternoon, Oct 15. A detailed agenda with presentation titles and speakers will be posted on the MOU public Web site: <http://www.environmental-modeling.org>. The topics covered will include: Environmental modeling frameworks, databases and cyberinfrastructure, community modeling efforts, parameter estimation, uncertainty and sensitivity analyses, optimization modeling, reactive transport modeling, watershed and distributed water quality modeling, modeling of ecosystem services and ecosystem functions.

Meeting Access: The auditorium of the U.S. Nuclear Regulatory Commission Headquarters building at 11545 Rockville Pike, Rockville, MD is across the street from the White Flint Metro stop. The most convenient transportation to the meeting venue is via Metro since there is extremely limited on-street parking. Please take Metro to the White Flint Metro stop on the Red Line. To obtain access to the auditorium, all visitors must register with NRC security and have a valid photo-identification card.

Map location for White Flint METRO Stop adjacent to NRC Headquarters is: <http://www.wmata.com/rail/maps/map.cfm#>.

BILLING CODE 4311-AM-P

DEPARTMENT OF JUSTICE

Notice of Lodging of Consent Decree Under the Clean Air Act

Notice is hereby given that on August 25, 2009, the United States Department of Justice, on behalf of the U.S. Environmental Protection Agency ("EPA"), lodged with the United States District Court for the Eastern District of Tennessee a consent decree with defendant Bowater Incorporated in the case of *United States v. Bowater Incorporated* (1:09-cv-00223). On the same day, the United States filed a Complaint pursuant to the Federal Clean Air Act, 42 U.S.C. 7413 (the "Act") alleging violations of the Act at Bowater's Calhoun, Tennessee pulp and paper mill. Under the Consent Decree, Bowater will seek an amended State operating permit that makes various changes to Bowater's operations and provides new emission limits. Bowater also agrees that a penalty in the amount of \$30,000 shall be allowed as a pre-petition general unsecured claim in the bankruptcy case of *In re Bowater Inc.*, No. 09-11311 (KJC), pending in the United States Bankruptcy Court for the District of Delaware.
