

in cases involving the protection of human/pet health and safety or protection of federally threatened or endangered species; or

- APHIS–WS in Oregon conducts no PDM activities in Oregon.

We welcome additional recommendations for management alternatives.

Issues for Detailed Consideration in the Analysis

In considering reasonable alternatives, the EIS will analyze the effects of APHIS–WS' PDM activities in Oregon on important environmental issues and other issues of public concern. APHIS–WS and the cooperating agencies have identified the following issues for consideration in the EIS:

- Impacts of intentional take on State and regional predator populations;
- Effects on nontarget animal populations, including species federally listed under the Endangered Species Act (61 U.S.C. 1531 *et seq.*);
- Impacts of the alternatives on predator-prey relationships and ecosystem processes (*e.g.*, trophic cascades);
- Humaneness and ethical perspectives regarding PDM activities;
- Risks and benefits to human and pet safety from PDM activities;
- Impacts on Special Management Areas, including Wilderness and Wilderness Study Areas; and
- Sociocultural impacts, including impacts on values, hunting, non-consumptive uses, aesthetic impacts, Native American cultural uses, and economic effects.

We encourage the public to submit comments identifying additional issues.

After the comment period closes, APHIS–WS will review and consider all comments timely received and any other relevant information in the development of the EIS. All comments received will be available for public review as required and allowed by law. Upon completion of the draft EIS, APHIS–WS will publish a notice announcing its availability and an opportunity to comment in the **Federal Register** and via the *GovDelivery.com* email registry. To receive notices regarding this project or other Wildlife Services NEPA projects, please register at <https://public.govdelivery.com/accounts/USDAAPHIS/subscriber/new>.

The EIS will be prepared in accordance with: (1) NEPA, as amended (42 U.S.C. 4321 *et seq.*); (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508) in effect at the time of the publication of our notice of intent

(November 14, 2019); (3) USDA regulations implementing NEPA (7 CFR part 1b); and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).
