

transmission electron microscopy investigations. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: April 14, 2014.

Docket Number: 14-008. Applicant: California Institute of Technology, 1200 E. California Blvd., MC 213-15, Pasadena, CA 91125. Instrument: Electron Microscope. Manufacturer: FEI Company, Czech Republic. Intended Use: The instrument will be used to conduct nano-mechanical experiments like tension, compression, and bending, lithiation-delithiation experiments on battery electrodes, and nano-tensile deformation of metallic glass nano pillars. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: April 3, 2014.

Docket Number: 14-010. Applicant: Dana Farber Cancer Institute, 450 Brookline Ave., Boston, MA 02215. Instrument: Electron Microscope. Manufacturer: FEI Company, the Netherlands. Intended Use: The instrument will be used to study the three-dimensional structure of biomolecules such as proteins, nucleic acids, carbohydrates and/or lipids to assist our understanding of how they perform and their function. Justification for Duty-Free Entry: There are no instruments of the same general category manufactured in the United States. Application accepted by Commissioner of Customs: April 15, 2014.

Dated: April 29, 2014.

Gregory W. Campbell,
*Director of Subsidies Enforcement,
Enforcement and Compliance.*

International Trade Administration

Environmental Technologies Trade Advisory Committee—Environmental Trade Working Group Public Meeting

AGENCY: International Trade Administration, DOC.

ACTION: Notice of Federal advisory committee meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda of a meeting of the Environmental Technologies Trade Advisory

Committee (ETTAC)—Environmental Trade Working Group (ETWG).

DATES: The meeting is scheduled for Wednesday, May 28, 2014, at 9 a.m. Eastern Daylight Time (EDT).

ADDRESSES: The meeting will be held in Room 4830 at the U.S. Department of Commerce, Herbert Clark Hoover Building, 1401 Constitution Avenue NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Ms. Maureen Hinman, Office of Energy & Environmental Industries (OEEI), International Trade Administration, Room 4053, 1401 Constitution Avenue NW., Washington, DC 20230 (Phone: 202-482-0627; Fax: 202-482-5665; email: maureen.hinman@trade.gov) This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to OEEI at (202) 482-5225 no less than one week prior to the meeting.

SUPPLEMENTARY INFORMATION: The meeting will take place from 9 a.m. to 3:30 p.m. EDT. The general meeting is open to the public and time will be permitted for public comment from 3-3:30 p.m. EDT. Those interested in attending must provide notification by Monday, May 19, 2014 at 5 p.m. EDT, via the contact information provided above. Written comments concerning ETTAC affairs are welcome any time before or after the meeting. Minutes will be available within 30 days of this meeting.

Topics to be considered: The agenda for this meeting will include a joint ETTAC-ETWG discussion wherein executives of the Trade Promotion Coordinating Committee (TPCC) Environmental Trade Working Group (ETWG) will receive and provide feedback to the ETTAC's recommendations to the Secretary of Commerce and the ETWG. The status of the U.S. Environmental Export Initiative will also be discussed.

Background: The ETTAC is mandated by Public Law 103-392. It was created to advise the U.S. government on environmental trade policies and programs, and to help it to focus its resources on increasing the exports of the U.S. environmental industry. ETTAC operates as an advisory committee to the Secretary of Commerce and the Trade Promotion Coordinating Committee (TPCC). ETTAC was originally chartered in May of 1994. It

was most recently re-chartered until September 2014.

Catherine Vial,

Office Director, Acting; Office of Energy and Environmental Industries.

International Trade Administration

Renewable Energy and Energy Efficiency Advisory Committee; Meeting

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an open meeting.

SUMMARY: The Renewable Energy and Energy Efficiency Advisory Committee (RE&EEAC) will meet via conference call on May 15, 2014 to consider proposed recommendations from the U.S. Competitiveness, Trade Policy, Finance and Trade Promotion Subcommittees that address issues affecting U.S. competitiveness in exporting renewable energy and energy efficiency (RE&EE) products and services.

DATES: May 15, 2014, from 2 p.m. to 4 p.m. Eastern Daylight Time (EDT).

ADDRESSES: The meeting will be held via conference call.

FOR FURTHER INFORMATION CONTACT: Ryan Mulholland, Office of Energy and Environmental Technologies Industries (OEEI), International Trade Administration, U.S. Department of Commerce at (202) 482-4693; email: ryan.mulholland@trade.gov. This conference call is accessible to people with disabilities. Requests for auxiliary aids should be directed to OEEI at (202) 482-4693 at least 3 working days prior to the event.

SUPPLEMENTARY INFORMATION:

Background

The Secretary of Commerce established the RE&EEAC pursuant to his discretionary authority and in accordance with the Federal Advisory Committee Act (5 U.S.C. App.) on June 19, 2012. The RE&EEAC provides the Secretary of Commerce with consensus advice from the private sector on the development and administration of programs and policies to enhance the international competitiveness of the U.S. RE&EE industries. The RE&EEAC held its first meeting on February 20, 2013 and several subsequent meetings

throughout 2013. The Committee's charter expires June 18, 2014.

The meeting is open to the public. Members of the public wishing to attend the conference call must notify Mr. Ryan Mulholland at the contact information above by 5 p.m. EDT on Friday, May 9, in order to pre-register and receive call-in instructions. Please specify any request for reasonable accommodation by Friday, May 9. Last minute requests will be accepted, but may be impossible to fill.

Any member of the public may submit pertinent written comments concerning the RE&EEAC's affairs at any time before or after the meeting. Comments may be submitted to ryan.mulholland@trade.gov or to the Renewable Energy and Energy Efficiency Advisory Committee, Office of Energy and Environmental Technologies Industries (OEEI), International Trade Administration, Room 4053; 1401 Constitution Avenue NW., Washington, DC 20230. To be considered during the meeting, comments must be received no later than 5 p.m. EDT on Friday, May 9, 2014, to ensure transmission to the Committee prior to the meeting. Comments received after that date will be distributed to the members, but may not be considered at the meeting.

Copies of RE&EEAC meeting minutes will be available within 30 days of the meeting.

Dated: April 24, 2014.

Catherine P. Vial,

Team Leader for Environmental Industries, Office of Energy and Environmental Industries.

BILLING CODE 3510-DR-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket No.: 140321260-4260-01]

National Cybersecurity Center of Excellence (NCCoE) and Financial Services Sector IT Asset Management Use Case

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) invites organizations to provide products and technical expertise to support and demonstrate security platforms for IT asset management for the financial services sector. This notice

is the initial step for the National Cybersecurity Center of Excellence (NCCoE) in collaborating with technology companies to address cybersecurity challenges identified under the Financial Services sector program. Participation in the use case is open to all interested organizations.

DATES: Interested parties must contact NIST to request a letter of interest. Letters of interest will be accepted on a rolling basis. Collaborative activities will commence as soon as enough completed and signed letters of interest have been returned to address all the necessary components and capabilities, but no earlier than June 5, 2014. When the use case has been completed, NIST will post a notice on the NCCoE financial services program Web site at nccoe.nist.gov/financial-services/ announcing the completion of the use case and informing the public that it will no longer accept letters of interest for this use case.

ADDRESSES: The NCCoE is located at 9600 Gudelsky Drive, Rockville, MD 20850. Letters of interest must be submitted to financial_NCCoE@nist.gov; or via hardcopy to National Institute of Standards and Technology, NCCoE; 9600 Gudelsky Drive; Rockville, MD 20850. Organizations whose letters of interest are accepted in accordance with the Process set forth in the **SUPPLEMENTARY INFORMATION** section of this notice will be asked to sign a Cooperative Research and Development Agreement (CRADA) with NIST. A CRADA template can be found at: http://nccoe.nist.gov/The-Center/GetInvolved/NCCoE_Consortium_CRADA_Example.pdf.

FOR FURTHER INFORMATION CONTACT:

Mike Stone via email at financial_NCCoE@nist.gov; or telephone 240-314-6813; National Institute of Standards and Technology, NCCoE; 9600 Gudelsky Drive; Rockville, MD 20850. Additional details about the NCCoE Financial Services Sector program are available at <http://nccoe.nist.gov/financial-services/>.

SUPPLEMENTARY INFORMATION:

Background: The NCCoE, part of NIST, is a public-private collaboration for accelerating the widespread adoption of integrated cybersecurity tools and technologies. The NCCoE brings together experts from industry, government, and academia under one roof to develop practical, interoperable cybersecurity approaches that address the real-world needs of complex Information Technology (IT) systems. By accelerating dissemination and use of these integrated tools and technologies for protecting IT assets, the NCCoE will enhance trust in U.S. IT

communications, data, and storage systems; reduce risk for companies and individuals using IT systems; and encourage development of innovative, job-creating cybersecurity products and services.

Process: NIST is soliciting responses from all sources of relevant security capabilities (see below) to enter into a Cooperative Research and Development Agreement (CRADA) to provide products and technical expertise to support and demonstrate security platforms for IT asset management for the financial services sector. Interested parties should contact NIST using the information provided in the **FOR FURTHER INFORMATION CONTACT** section of this notice. NIST will then provide each interested party with a letter of interest, which the party must complete, certify that it is accurate, and submit to NIST. NIST will contact interested parties if there are questions regarding the responsiveness of the letters of interest to the use case objective or requirements identified below. NIST will select participants who have submitted complete letters of interest on a first come, first served basis within each category of product components or capabilities listed below up to the number of participants in each category necessary to carry out this use case. However, there may be continuing opportunity to participate even after initial activity commences. Selected participants will be required to enter into a consortium CRADA with NIST. NIST published a notice in the **Federal Register** on October 19, 2012 (77 FR 64314) inviting U.S. companies to enter into National Cybersecurity Excellence Partnerships; (NCEPs) in furtherance of the NCCoE. For this demonstration project, NCEP partners will not be given priority for participation.

Use Case Objective: To effectively manage, utilize and secure an asset, you first need to know the asset's location and function. While many financial sector companies label physical assets with bar codes and track them with a database, this approach does not answer questions such as, "What operating systems are our laptops running?" and "Which devices are vulnerable to the latest threat?" The goal of this project is to provide answers to questions like these by tying existing data systems for physical assets and security and IT security and support into a comprehensive IT asset management (ITAM) system. In addition, financial services companies can employ this ITAM system to dynamically apply business and security rules to better utilize information assets and protect enterprise systems and data. In short,
