Approval and Promulgation of State Plans for Designated Facilities and Pollutants: Alabama

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is approving the Section 111(d) Plan for the State of Alabama submitted by the Alabama Department of Environmental Management (ADEM) on April 20, 1999, for implementing and enforcing the Emissions Guidelines applicable to existing Hospital/Medical/Infectious Waste Incinerators. The Plan was submitted by the ADEM to satisfy certain Federal Clean Air Act requirements. In the Final Rules Section of this **Federal Register**, EPA is approving the Alabama State Plan submittal as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates that it will not receive any significant, material, and adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no significant, material, and adverse comments are received in response to this rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a

subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action.

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List

AGENCY: Environmental Protection Agency.

ACTION: Proposed deletion of the Upper Deerfield Township Sanitary Landfill Superfund Site from the National Priorities List.

SUMMARY: The Environmental Protection Agency (EPA), Region II Office proposes to delete the Upper Deerfield Township Sanitary Landfill Superfund Site (Site), which is located in Upper Deerfield Township, Cumberland County, New Jersey, from the National Priorities List (NPL) and requests public comment on this action. The NPL constitutes

appendix B of 40 CFR part 300, which is the National Oil and Hazardous Substances Pollution Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) as amended. EPA and the New Jersey Department of Environmental Protection have determined that the Site poses no significant threat to public health or the environment, as defined by CERCLA; and therefore, further remedial measures pursuant to CERCLA are not appropriate.

We are publishing a direct final action along with this proposed deletion without a prior proposal because the Agency views this as a noncontroversial revision and anticipates no significant adverse or critical comments. A detailed rationale for this approval is set forth in the direct final rule. If no significant adverse or critical comments are received, no further activity is contemplated. If EPA receives significant adverse or critical comments, the direct final action will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period. Any parties interested in commenting should do so at this time.
