SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35, as amended). This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is

necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Indian Housing Block Grant Information Collection.

OMB Control Number: 2577-0218.

Description of the need for the information and proposed use: Indian Tribes, Alaska Natives, Native Hawaiians, or Tribally designated housing entities that receive Indian Housing Block Grant (IHBG) funds are required annually to submit HUD-52737—the *Indian Housing Plan/Annual Performance Report* (IHP/APR) that consists of two components: the Indian Housing Plan (IHP) component and the Annual Performance Report (APR) component

The IHP is required by Section 102 of the Native American Housing Assistance and Self-Determination Act (NAHASDA) and describes the eligible IHBG-funded, affordable housing activities the recipient plans to conduct for the benefit of low and moderate income Tribal members and identifies the intended outcomes and outputs for the upcoming 12-month year. HUD conducts a limited review of the IHP to determine that the planned activities are in compliance with NAHASDA requirements, as defined at 24 CFR Part 1000.

At the end of the 12-month period, the recipient submits the APR that is required by Section 404 of NAHASDA and describes (1) the use of grant funds during the prior 12-month period; (2) the actual outcomes and outputs achieved; (3) program accomplishments; and (4) jobs supported by IHBG-funded activities. HUD uses the information in the APR to review the recipient's progress in implementing the IHP, verify whether the activities are eligible and to determine if the recipient has the capacity to continue implementing the activities described in the IHP in a timely manner. The information in the APR also will be used to provide Congress, stakeholders, and other interested parties with information on how the IHBG funds are being used to

meet affordable housing needs within Native American communities.

Recipients of Native American Housing Block Grants (NAHBG) funds under the American Recovery and Reinvestment Act of 2008 are required to submit annually the *Annual Performance Report* (HUD-52735-AS) to describe (1) the use of NAHBG funds during the prior 12-month period; (2) the actual outcomes and outputs achieved; (3) program accomplishments; and (4) jobs supported by NAHBG-funded activities. (Since NAHBG was authorized under the auspices of NAHASDA, §§ 102 and 404 apply).

Participants in the IHBG program are responsible for notifying HUD of changes to the Formula Current Assisted Stock (FCAS) component of the IHBG formula. HUD is notified of changes in the FCAS through a *Formula Response Form* (HUD-4117), as defined at 24 CFR 1000.302. A Tribe, TDHE, or HUD may challenge the data from the U.S. Decennial Census or provide an alternative source of data by submitting the *Guidelines for Challenging U.S. Decennial Census Data Document* (HUD-4119). Census challenges are due June 15 of each fiscal year, as defined at 24 CFR 1000.336. This information collection is required of participants in the IHBG program to demonstrate compliance with eligibility and other requirements of NAHASDA; provision of correction or challenge documentation of the formula calculation; and provision of data for HUD's annual report to Congress. The information gathered will be used to allocate funds under the IHBG program. The quality assurance of data reported is a very important issue in maintaining HUD's databases used to monitor participant's proposed plans, accomplishments, determine program compliance, and to ensure fair and equitable allocations. In some cases, the FCAS information addressing the conveyances and conversions of units has resulted in the recouping of funds. The information collected will allow HUD to accurately audit the program.

Agency form numbers: HUD-52737, HUD-52735-AS, HUD-4117, HUD-4119.

Members of affected public: Native American Tribes and Tribally Designated Housing Entities, Alaska Natives and Corporations, and Native Hawaiians.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The estimated number of respondents is 579; the frequency of response is once per year;

and the total reporting burden is estimated at 54,578 hours.

Status of the proposed information collection: Extension.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: May 3, 2011.

Merrie Nichols-Dixon,

Deputy Director for Office of Policy, Programs, and Legislative Initiatives.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Central Utah Project Completion Act; Notice of Intent To Accept Proposals, Select a Potential Lessee, and Contract for Hydroelectric Power Development at the Spanish Fork Flow Control Structure

AGENCY: Office of the Assistant Secretary—Water and Science, Department of the Interior.

ACTION: Notice.

SUMMARY: Current Federal policy encourages non-Federal development of environmentally sustainable hydropower potential on Federal water resource projects. The Department of the Interior (Interior), in consultation with the Department of Energy, Western Area Power Administration (Western), will consider proposals for non-Federal development of hydroelectric power at the Spanish Fork Flow Control Structures of the Central Utah Project (CUP). Interior is considering such hydroelectric power development under a lease of power privilege. No Federal funds will be available for such hydroelectric power development. Western would have the first opportunity to purchase and/or market the power that would be generated by such development under a lease of power privilege. The CUP is a Federal Bureau of Reclamation (Reclamation) project under the administration of the Assistant Secretary for Water and Science. This notice presents background information, proposal content guidelines, and information concerning selection of a non-Federal entity to develop hydroelectric power at the Spanish Fork Flow Control Structure, and power purchasing and/or marketing considerations. Interested entities are invited to submit a proposal for hydroelectric power development at the Spanish Fork Flow Control Structure site for consideration by Interior.

DATES: A written proposal and seven copies must be submitted on or before 5 p.m. (MST), on October 14, 2011. A proposal will be considered timely only if it is received in the office of the Program Director by or before 5 p.m. on the designated date. Interested entities are cautioned that delayed delivery to this office due to failures or misunderstandings of the entity and/or of mail, overnight, or courier services will not excuse lateness and, accordingly, are advised to provide sufficient time for delivery. Late proposals will not be considered.

ADDRESSES: Send written proposals and seven copies to Mr. Reed R. Murray, Program Director, Central Utah Project Completion Act, Department of the Interior, 302 East 1860 South, Provo, UT 84606-7317. Requests for technical data should also be sent to Mr. Murray. Any release of such data will be subject to applicable Homeland Security laws and policy.

A copy of the proposal should also be sent to Ms. LaVerne Kyriss, CRSP Manager, Western Area Power Administration, 150 Social Hall Avenue, Suite 300, Salt Lake City, UT 84111-1580. Information related to Western's purchasing and/or marketing the power may also be obtained from Ms. Kyriss at the address above, or by calling (801) 524-6372.

Information related to the operation and maintenance of the Spanish Fork Flow Control Structure may be obtained from Mr. Rich Tullis, Central Utah Water Conservancy District, 355 West University Parkway, Orem, UT 84058-7303; or by calling (801) 226-7122.

FOR FURTHER INFORMATION CONTACT: Mr. Lynn Hansen, (801) 379-1238.

SUPPLEMENTARY INFORMATION:

Background Information: The CUP, Bonneville Unit, located in northern Utah, was originally authorized for construction, including hydroelectric power, by the Colorado River Storage Project (CRSP) Act of April 11, 1956 (ch. 203, 70 Stat. 105) (CRSP Act). The Spanish Fork Flow Control Structure was constructed under the Central Utah Project Completion Act (CUPCA), comprised of Titles II-VI of the Act of October 30, 1992 (106 Stat. 4600, Pub. L. 102-575). CUPCA also authorized the construction of other features of the Bonneville Unit. Section 208 of CUPCA provides that power generation facilities associated with the CUP be developed and operated in accordance with the CRSP Act, which explicitly embodies all Reclamation law except as otherwise provided in the CRSP Act. Section 208 also specifies that water diverted for power purposes shall only be incidental
