SUPPLEMENTARY INFORMATION:

Purpose: In accordance with the Government in the Sunshine Act (Sunshine Act), Public Law 94-409, as amended (5 U.S.C. 552b), the U.S. Election Assistance Commission (EAC) will conduct a virtual meeting of the EAC Technical Guidelines Development Committee to discuss the comments and updates on the Voluntary Voting System Guidelines (VMSG) 2.0 Requirements as submitted by the Technical Guidelines Development Committee (TGDC).

Agenda: EAC Commissioners and TGDC members will hold a virtual meeting to discuss the comments and updates for the proposed Voluntary Voting System Guidelines (VMSG) 2.0 Requirements. The agenda also includes a presentation on NIST staff transition, the RABET-V pilot program, and an open discussion on non-voting election technology approaches.

Background: The VMSG 2.0 Requirements were published for a 90-day public comment period that concluded on June 22, 2020. The first VMSG public hearing on March 27, 2020 covered an introduction to the VMSG process as well as a high-level overview of the proposed VMSG 2.0 requirements. A recording of the hearing is available on the EAC's website. The second public hearing on May 6, 2020 addressed the importance of VMSG 2.0 at the state and local level, and the consideration of accessibility and security in VMSG 2.0. A recording of the second hearing is available on the EAC's website. The third public hearing on May 20, 2020 included discussions with voting system manufacturers and voting system testing labs. A recording of the third hearing is available on the EAC's website. The EAC Board of Advisors held their annual meeting to discuss the VMSG 2.0 Requirements on June 16, 2020. A recording of the hearing is available on the EAC's website. The EAC Standards Board held their annual meeting to discuss the VMSG 2.0 Requirements on July 31, 2020. The TGDC unanimously approved to recommend VMSG 2.0 Requirements on February 7, 2020, and sent the Requirements to the then EAC Acting Executive Director via the Director of the National Institute of Standards and Technology (NIST), in the capacity of the Chair of the TGDC on March 9, 2020. Upon adoption, the VMSG 2.0 would become the fifth iteration of national level voting system standards. The Federal Election Commission published the first two sets of federal

standards in 1990 and 2002. The EAC then adopted Version 1.0 of the VMSG on December 13, 2005. In an effort to update and improve version 1.0 of the VMSG, on March 31, 2015, the EAC commissioners unanimously approved VMSG 1.1.

The full agenda will be posted in advance on the EAC website: <https://www.eac.gov>.

Status: This meeting will be open to the public.
