

The information gathered will help to generate recommendations and action items for ACF in seeking to better understand and meet the needs of the urban Indian population.

Respondents: Information will be collected by members of the research

study team from staff members at relevant programs and organizations (e.g., American Indian Organizations, social service agencies serving urban Indians) in three to five urban areas with a high percentage of Indians within the population, including Anchorage,

Alaska. It is anticipated that up to 9 staff members at each program or organization will be interviewed, for a total of up to 27 interviews annually.
