For the reasons set forth in the <i>Report and Order</i> referenced below, the Bureau amends FCC regulations to substitute channel 27 for channel 12 at Augusta.</p> <p>DATES: Effective May 14, 2021.</p> <p>FOR FURTHER INFORMATION CONTACT: Andrew Manley, Media Bureau, at (202) 418–0596 or Andrew.Manley@fcc.gov.</p> <p>SUPPLEMENTARY INFORMATION: The proposed rule was published at 86 FR 13278 on March 8, 2021. The Petitioner filed comments in support of the petition reaffirming its commitment to applying for channel 27. No other comments were received. In support, the Petitioner states that the Commission has recognized that VHF channels have certain propagation characteristics which may cause reception issues for some viewers, that the reception of VHF signals require larger antennas relative to UHF channels, and that many of the WRDW–TV viewers experience difficulty receiving its signal. In addition, operation on channel 27 will not result in any predicted loss of service.</p> <p>This is a synopsis of the Commission’s <i>Report and Order</i>, MB Docket No. 21–49; RM–11874; DA 21–524, adopted May 5, 2021, and released</p> <p>May 5, 2021.
