#### Notice of Intent To Expand Implementation of the TRICARE® Program in Alaska

**AGENCY:** Office of the Assistant Secretary of Defense for Health Affairs, DoD.

**ACTION:** Notice.

**SUMMARY:** The Office of the Assistant Secretary of Defense for Health Affairs announces the intent to expand implementation of the TRICARE Program in Alaska. The expansion will require the Managed Care Support Contractor to develop and operate a TRICARE civilian preferred provider network under 32 CFR 199.17(p) within the Anchorage Prime Service Area of Alaska. Eligible TRICARE beneficiaries will be permitted to enroll in Prime with assignment to Military Treatment Facility (MTF) Primary Care Managers (PCMs) consistent with established priorities provided in 32 CFR 199.17(c) or assignment to a PCM within the TRICARE civilian preferred provider network. The initial expansion included the Prime Service Areas around Fort Wainwright and Eielson Air Force Base.

Under 32 Code of Federal Regulations (CFR) 199.1(b), the Director had previously limited the program in Alaska. Subsequently through the notice of November 3, 2010, [http://www.access.gpo.gov/su\\_docs/fedreg/a101103c.html](http://www.access.gpo.gov/su_docs/fedreg/a101103c.html), the limitation was partially revoked, and now the Director is revoking another part of the prior limitation in Alaska and intends to provide the benefit under 32 CFR 199.17(p).

**FOR FURTHER INFORMATION CONTACT:** LTC Stephen Oates, TRICARE Policy and Operations Directorate, TRICARE Management Activity, 5111 Leesburg Pike, Suite 810, Falls Church, VA 22041, telephone (703) 681-8711.

#### Extension of Autism Services Demonstration Project for TRICARE Beneficiaries Under the Extended Care Health Option

**AGENCY:** Department of Defense.

**ACTION:** Notice of demonstration.

**SUMMARY:** This notice provides a 2-year extension of the Department of Defense Enhanced Access to Autism Services Demonstration Project under the Extended Care Health Option for beneficiaries diagnosed with an Autism Spectrum Disorder (ASD). Under the demonstration, the Department implemented a provider model that allows reimbursement for Intensive Behavioral Interventions (IBI) services, in particular, Applied Behavior Analysis, rendered by providers who are not otherwise eligible for reimbursement.

**DATES:** The demonstration will continue through March 14, 2014.

**ADDRESSES:** TRICARE Management Activity (TMA), Health Plan Operations, 5111 Leesburg Pike, Suite 810, Falls Church, VA 22041.

**FOR FURTHER INFORMATION CONTACT:** For questions pertaining to this demonstration project, please contact Mr. Richard Hart at (703) 681-0047.

**SUPPLEMENTARY INFORMATION:** On December 4, 2007, the Department of Defense published a Notice in the **Federal Register** (FR) (72 FR 68130) of a TRICARE demonstration to increase access to IBI services. The purpose of the demonstration is to allow the Department to determine whether such a provider model increases access to services, the services are reaching those most likely to benefit from them, the quality of the services rendered meets the standard of care currently accepted by the community of providers, and whether State requirements for licensure or certification of providers of IBI services, where such exists, are being met.

The effective date was 60 days following publication of the Notice, and the demonstration was implemented on March 15, 2008 for a period of 2 years.

Recognizing that the subject of ASDs is complex, in particular, with respect to the number of individuals diagnosed with ASD, the treatment of ASD that generally includes several years of behavior modification through educational services, and the ability of the provider community to increase the number of qualified providers, the

Department published a Notice in the **Federal Register** (FR) (75 FR 8928) on February 26, 2010 that extended the Demonstration through March 14, 2012. The Department has determined that continuation of the demonstration for an additional 2 years is both in the best interest of TRICARE beneficiaries diagnosed with an ASD, and necessary to fully evaluate the effectiveness of the delivery model employed by the demonstration. This will provide the Secretary with sufficient information to make a formal decision regarding the use of that delivery model. The demonstration continues to be authorized by Title 10, United States Code, Section 1092.

Dated: December 21, 2011.
