## DEPARTMENT OF STATE

[Public Notice 8272]

### State Department Advisory Committee on Private International Law; Closed Meeting

In accordance with section 10(a) of the Federal Advisory Committee Act, 5 U.S.C. App § 10(a), the Department of State announces a meeting of the full Advisory Committee on Private International Law (ACPIL) to take place on May 13, 2013, at the Department of State, Washington, DC.

Pursuant to section 10(d) of the Federal Advisory Committee Act, 5 U.S.C. App § 10(d), and 5 U.S.C. 552b(c)(9)(B), it has been determined that this ACPIL meeting will be closed to the public because the ACPIL will be discussing matters the public disclosure of which would be likely to significantly frustrate Department negotiations in an upcoming international forum.

### Federal Aviation Administration

#### Agency Information Collection Activities: Requests for Comments; Clearance of New Approval of Information Collection: Critical Parts for Airplane Propellers

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval for a new information collection. The **Federal Register** Notice with a 60-day comment period soliciting

comments on the following collection of information was published on January 28, 2013, vol. 78, no. 18, pages 5859-5860. The Federal Aviation Administration (FAA) is amending the airworthiness standards for airplane propellers. This action will define what a propeller critical part is, require the identification of propeller critical parts by the manufacturer, and establish engineering, manufacture, and maintenance processes for those parts. These processes will be required to be recorded and maintained within company manuals. The intended effect of this rule is to ensure the continued airworthiness of propeller critical parts by requiring a system of processes to identify and manage these parts throughout their service life. Adopting this rule will eliminate regulatory differences between part 35 and European Aviation Safety Agency (EASA) propeller critical parts requirements, thereby simplifying airworthiness approvals for exports.

**DATES:** Written comments should be submitted by June 11, 2013.

**FOR FURTHER INFORMATION CONTACT:** Kathy DePaepe at (405) 954-9362, or by email at: [Kathy.A.DePaepe@faa.gov](mailto:Kathy.A.DePaepe@faa.gov).

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 2120-XXXX.

*Title:* Critical Parts for Airplane Propellers.

*Form Numbers:* There are no forms associated with this information collection activity.

*Type of Review:* Clearance of a new information collection.

*Background:* On December 1, 2011, FAA published a notice of proposed rulemaking titled "Critical Parts for Airplane Propellers" (76 FR 74749). This activity contains new Paperwork Reduction Act recordkeeping requirements that were not addressed in that notice of proposed rulemaking, and which are addressed here. The rule will require that U.S. companies who manufacture critical parts for airplane propellers update their manuals to record engineering, manufacture, and maintenance processes for propeller critical parts. The required manual updates will be used by the propeller manufacturer to show compliance with the propeller critical parts requirements. There are currently three U.S. companies who will be required to revise their manuals to include these processes.

*Respondents:* Three manufacturers.

*Frequency:* This is a one time requirement.

*Estimated Average Burden per*

*Response:* 40 hours.

*Estimated Total Annual Burden:* 120 hours.

**ADDRESSES:** Interested persons are invited to submit written comments on the proposed information collection to the Office of Information and Regulatory Affairs, Office of Management and Budget. Comments should be addressed to the attention of the Desk Officer, Department of Transportation/FAA, and sent via electronic mail to [oir\\_submission@omb.eop.gov](mailto:oir_submission@omb.eop.gov), or faxed to (202) 395-6974, or mailed to the Office of Information and Regulatory Affairs, Office of Management and Budget, Docket Library, Room 10102, 725 17th Street NW., Washington, DC 20503.

*Public Comments Invited:* You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

Issued in Washington, DC, on April 8, 2013.
