

annually as instructed by SAMHSA); the second component will contain standardized recovery, quality of life, and client goal measures as impacted by services received (also asked of clients at baseline and reassessment during the first year of a grant, then annually as instructed by SAMHSA); and the third component will consist of a streamlined set of questions describing clients' behavioral health history, screening and diagnosis items, and services provided to clients (as reported at the client-level by the grantee using alternate data sources that already may be in use for other purposes, for example an electronic health or medical record). Question(s) about services provided to the client will only be required at reassessment and annually for some programs as instructed by SAMHSA.

Currently, the tool and final burden table are still under development and will be available as part of the 30-Day FRN. However, SAMHSA expects that use of the multi-component tool will result in a significant decrease in burden for client and grantee annualized reporting, not only because of the streamlining of questions, but also because not all items will be required at every data collection time point. For example, SAMHSA anticipates that the services provided item will not be required to report at baseline, only reassessment and, for some programs, annually. SAMHSA is also finalizing a revised policy on when reassessments are expected to occur, recognizing that a one-size fits all approach may not be appropriate for all client-focused grant programs. SAMHSA is conducting testing to establish a better estimate of the time it will take to complete the information collection given the varying degree of direct client involvement across the new tool's components and grantee use of alternate data sources for a portion of the tool. At this point, SAMHSA estimates that approximately 1500 client-focused grantees annually will use the tool and with a burden hour estimate per assessment that ranges from 0.13 to 0.27 for each of the three tool components. SAMHSA's goal is to develop a new performance tool that is streamlined and will significantly reduce burden compared to the current performance tools.

SUPPLEMENTARY INFORMATION: This notice announces HUD's intention to sell due and payable Secretary-held reverse mortgage loans in HVLS 2025-1. HUD is offering approximately 2,700 reverse mortgage notes with an updated loan balance of approximately \$746 million. The mortgage loans consist of first liens secured by single family, vacant residential properties, where all borrowers are deceased, and no borrower is survived by a non-borrowing spouse.

A listing of the mortgage loans will be included in the due diligence materials made available to eligible bidders. The mortgage loans will be sold without FHA insurance and with servicing released. HUD will offer eligible bidders an opportunity to bid competitively on the mortgage loans.

The Bidding Process

The BIP describes in detail the procedure for bidding in HVLS 2025-1. The BIP also includes the applicable standardized non-negotiable Conveyance, Assignment and Assumption Agreements for HVLS 2025-1 (CAAs). The CAAs will contain first look requirements and mission outcome goals.

HUD will evaluate the bids submitted and determine the successful bids, in terms of the best value to HUD, in its sole and absolute discretion. If a bidder is successful, it will be required to submit a deposit which will be calculated based upon the total dollar value of the bidder's potential award.

Award will be contingent on receiving the deposit in the timeframe outlined in the bid deposit confirmation. The deposit amount will be applied to the sale price on the settlement date.

This notice provides some of the basic terms of sale. The CAAs will be released in the BIP or BIP Supplement, as applicable. These documents provide comprehensive contractual terms and conditions to which eligible bidders will acknowledge and agree. To ensure a competitive bidding process, the terms of the bidding process and the CAAs are not subject to negotiation.

Due Diligence Review

The BIP describes how eligible bidders may access the due diligence materials remotely via a high-speed internet connection.

Mortgage Loan Sale Policy

HUD reserves the right to remove mortgage loans from a sale at any time prior to the Award Date and the settlement date for the mortgage loans. HUD also reserves the right to reject any and all bids, in whole or in part, and include any unsold reverse mortgage loans from the HVLS 2025–1 sale in a later sale. Deliveries of mortgage loans will occur in conjunction with settlement and servicing transfer no later than 60 days after the Award Date.

The reverse mortgage loans offered for sale were insured by and were assigned to HUD pursuant to section 255 of the National Housing Act, as amended. The sale of the reverse mortgage loans is pursuant to HUD's authority in section 204(g) of the National Housing Act.

Mortgage Loan Sale Procedure

HUD selected an open competitive whole-loan sale as the method to sell the reverse mortgage loans for this specific sale transaction. For the HVLS 2025–1 sale, HUD has determined that this method of sale optimizes HUD's return on the sale of these reverse mortgage loans, affords the greatest opportunity for all eligible bidders to bid on the reverse mortgage loans, and provides the quickest and most efficient vehicle for HUD to dispose of the due and payable reverse mortgage loans.
