

proposed 18 month compliance extension; and (4) Within 150 days of the date the comment period on the proposed amendments closes, EPA will sign a notice of final rulemaking.

Petitioners have agreed to dismiss their petitions for review if EPA takes final action amending the MON in a manner substantially the same as the amendments set forth in Attachment A and not substantially inconsistent with the language in Attachment B.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement agreement from persons who were not named as parties or interveners to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determine, based on any comment which may be submitted, that consent to the settlement agreement should be withdrawn, the terms of the agreement will be affirmed.

II. Additional Information About Commenting on the Proposed Settlement

A. How Can I Get a Copy of the Settlement?

EPA has established an official public docket for this action under Docket ID No. OGC-2005-0015 which contains a copy of the settlement. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room B102, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

It is important to note that EPA's policy is that public comments, whether submitted electronically or on paper, will be made available for public viewing in EPA's electronic public docket as EPA receives them and without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in EPA's electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

B. How and To Whom Do I Submit Comments?

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Your use of EPA's electronic public docket to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public

docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment directly to the Docket without going through EPA's electronic public docket, your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action applies to the public in general. As such, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How Can I Get Copies of this Document and Other Related Information?

1. *Docket.* EPA has established an official public docket for this action under docket identification (ID) number OPP-2005-0257. The official public docket consists of the documents specifically referenced in this action, any public comments received, and other information related to this action. Although a part of the official docket, the public docket does not include Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. The official public docket is the collection of materials that is available for public viewing at the Public Information and Records Integrity Branch (PIRIB), Rm. 119, Crystal Mall #2, 1801 S. Bell St., Arlington, VA. This docket facility is open from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The docket telephone number is (703) 305-5805.

2. *Electronic access.* You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>.

An electronic version of the public docket is available through EPA's electronic public docket and comment system, EPA Dockets. You may use EPA Dockets at <http://www.epa.gov/edocket/> to submit or view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Unit I.B.1. Once in the system, select "search," then key in the appropriate docket ID number.

II. Contractor Requirements

Under Contract No. EP-W-05057, Versar, Inc. and its subcontractors,

EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., will perform exposure assessments and relevant information necessary for EPA to fulfill the requirements of the Pesticide Registration Improvement Act (PRIA), FIFRA, Food Quality Protection Act (FQPA), FFDCA, the Pollution Prevention Act, and any other Executive Order or legislative requirement. These objectives shall be obtained by providing technical support for registration and reregistration activities relating to occupational and residential exposure and risk assessments.

OPP has determined that access by Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., to information on all pesticide chemicals is necessary for the performance of this contract.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In accordance with the requirements of 40 CFR 2.307(h)(2), the contract with Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., prohibits use of the information for any purpose not specified in the contract, prohibits disclosure of the information to a third party without prior written approval from the Agency, and requires that each official and employee of the contractor sign an agreement to protect the information from unauthorized release and to handle it in accordance with the *FIFRA Information Security Manual*. In addition, Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., are required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise. No information will be provided to Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., until the requirements in this document have been fully satisfied. Records of information provided to Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., will be maintained by EPA project officers for this contract. All information supplied to Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., by EPA for use in

connection with this contract will be returned to EPA when Versar, Inc. and its subcontractors, EnDyna, BR Stern and Associates, Menzie-Cura and Associates, and Tetrahedon, Inc., have completed their work.

Endothall Reregistration Eligibility Decision; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's Reregistration Eligibility Decision (RED) for the pesticide endothall. The Agency's risk assessments and other related documents also are available in the endothall Docket. Endothall is used as an aquatic herbicide to control submerged aquatic vegetation and algae in lakes, ponds, and irrigation canals and is used as a desiccant on cotton, hops, potatoes, and seed production for alfalfa and clover. Endothall is also used as a biocide to control mollusks in cooling towers/systems. Endothall is applied as either a dipotassium salt or an N, N-dimethylalkylamine salt. The endothall acid is not directly applied to use sites; it is formed as a break-down product resulting from application of the salt forms. The amine salt is the only form applied terrestrially, while both the dipotassium and amine salt are applied to aquatic use sites. EPA has reviewed endothall through the public participation process that the Agency uses to involve the public in developing pesticide reregistration and tolerance reassessment decisions. Through these programs, EPA is ensuring that all pesticides meet current health and safety standards.
