SUPPLEMENTARY INFORMATION:

A. Purpose

Bid acceptance period is the period of time from receipt of bids that is available to the Government to award the contract. This acceptance period is normally established by the Government. However, the bidder may establish a longer acceptance period than the minimum acceptance period set by the Government by providing a period of time in the blank. There are instances when the Government is unable to award a contract within the acceptance period due to unforeseen complications. Rather than incur the costly expense of readvertising, the Government requests the bidders to extend their bids for a longer period of time.

These data are placed with the respective bids and placed in the contract file to become a matter of record.

SUPPLEMENTARY INFORMATION:

A. Purpose

If it is in the best interest of the Government, the contracting officer may authorize cost-reimbursement contractors to obtain, for official purposes only, interagency motor pool vehicles and related services. Contractors' requests for vehicles must obtain two copies of the agency authorization, the number of vehicles and related services required and period of use, a list of employees who are authorized to request the vehicles, a listing of equipment authorized to be serviced, and billing instructions and address.

A written statement that the contractor will assume, without the right of reimbursement from the Government, the cost or expense of any use of the motor pool vehicles and services not related to the performance of the contract is necessary before the contracting officer may authorize cost-reimbursement contractors to obtain interagency motor pool vehicles and related services.

The information is used by the Government to determine that it is in the Government's best interest to authorize a cost-reimbursement contractor to obtain, for official purposes only, interagency motor pool vehicles and related services, and to provide those vehicles.
