

official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Request:* Consumers Energy Company (licensee) requests Commission approval to amend its land management plan for the Hardy Project to allow for a multi-use, non-motorized trail on project lands. The licensee, in consultation with a trail committee of resource agencies and other entities, developed the plan for the proposed trail. The proposed approximate 42 mile-long trail with 20 bridges would be for hiking and mountain biking and would encircle a portion of the Hardy impoundment and primarily be located on licensee-owned property within the project boundary. The licensee proposes to convey certain interests in project lands to allow the County of Nye to construct and maintain the proposed trail. The trail would consist of 11 segments, and construction would be completed by the end of 2021.
