Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties, Issuance of Compliance or Corrective Action Orders, and the Revocation, Termination or Suspension of Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: This proposed rule revises the scope of the Environmental Protection Agency's (EPA) Consolidated Rules of Practice governing the administrative assessment of civil penalties to encompass the assessment of civil penalties under the air pollution control provisions of the Act to Prevent

Pollution from Ships. The EPA has not previously established adjudicatory procedures for the assessment of civil penalties under that statute. Establishment of such procedures will provide for the efficient and effective adjudication, including administrative appeals, of such proceedings consistent with statutory requirements. This proposed rule also revises the address for the Environmental Appeals Board to reflect its relocation to the William Jefferson Clinton East Building.

In the "Rules and Regulations" section of this **Federal Register**, we are making this same amendment as a direct final rule. If we receive no adverse comment, the direct final rule will go into effect and we will not take further action on this proposed rule.

DATES: Written comments must be received by December 8, 2014.

If the EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, the EPA may not be able to consider your comment.
