

because the phrase is not necessary as the subsequent clause makes clear which cPBBO will be referenced.

Technical Amendments

The Exchange's proposal to make two technical amendments within Options 4A, Options Index Rules, are consistent with the Act as the amendments to Options 4A, Sections 6 and 12 are non-substantive.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

PIXL Entry Checks

Phlx's proposal to amend Options 3, Section 13(a)(1)–(3) to harmonize the language within the PIXL entry checks with language within GEMX's PIM, ISE's PIM, MRX's PIM and BX's PRISM, without changing the substantive operations of these price improvement auctions, does not impose an undue burden on competition because market participants will be able to compare Phlx's PIXL entry checks with similar mechanisms on Nasdaq affiliated markets.

Amending Options 3, Section 13(a)(1)–(3) to specify the entry checks that are utilized by Phlx's System today to initiate a PIXL does not impose an undue burden on competition because these checks will apply uniformly to any order entered into PIXL. Further, the proposed amendments will add transparency to the current System functionality as the various System checks are noted for each side of the PIXL Order. Further, the Exchange is not substantively amending the current System functionality.

Auction Process

The Exchange's proposal to amend Options 3, Section 13(b)(4) to replace references to "Limit Order," "order" and "orders" within Options 3, Section 13(b)(4) with the word "interest" does not impose an undue burden on competition because all quotes will participate in a PIXL as an unrelated order. The clarification will make the rule text transparent.

Amending Options 3, Section 13(b)(6) to remove the term "then-existing" from the paragraph does not impose an undue burden on competition because the phrase is not necessary as the subsequent clause makes clear which cPBBO will be referenced.

Technical Amendments

The Exchange's proposal to make two technical amendments within Options 4A, Options Index Rules, do not impose an undue burden on competition as the amendments to Options 4A, Sections 6 and 12 are non-substantive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

Solicitation of Public Comments

SBA is requesting comments on (a) Whether the collection of information is necessary for the agency to properly perform its functions; (b) whether the

Summary of Information Collection

OMB Control Number: 3245–0071.

Title: Application for Section 504 Loans.

Form Number: SBA Form 1244.

Description of Respondents: Small Business Concerns applying for a section 504 loan and Certified Development Companies.

The information collected by this form is used to review the eligibility of the small business concern (SBC) for SBA financial assistance; the creditworthiness and repayment ability of the SBC; and the terms and conditions of the 504 loan for which the SBC is applying.

SBA has established a streamlined loan application processing procedure known as the Abridged Submission Method (ASM). Under this process, the CDCs are required to collect and retain all exhibits to SBA Form 1244 but are only required to submit selective documents. CDCs using the non-ASM method are required to submit all documents and exhibits required for Form 1244.

The burden estimates (based on the experience of the CDCs and SBA field offices) of the burden hours imposed by use of these forms, including exhibits, are as follows:

There are 200 CDCs affected by the information collection. The total number of small business concerns that will annually respond to Form 1244 is approximately 7,119 based on the average submission of applications submitted from CDCs over the past FY using both the ASM and non-ASM methods. This is a total of 7,119 respondents. Burden hours are 2.25 hours for PCLP Loan and ALP Express Loan, 2.5 hours for ASM, and 3.5 hours for non-ASM submissions.

Submission through delegated authority: $15 \times 2.25 = 34$ burden hours.

Submission through the ASM: $5,695 \times 2.5 = 14,238$ burden hours.

Submission through non-ASM (standard method): $1,409 \times 3.5 = 4,932$ burden hours.

Total burden hours: 19,204.
