

Notices

Federal Register

Vol. 89, No. 125

Friday, June 28, 2024

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forest Service

Chippewa National Forest; Minnesota; Transfer of Administrative Jurisdiction to Lands To Be Held in Trust by the United States for the Benefit of the Leech Lake Band of the Minnesota Chippewa Tribe Pursuant to the Leech Lake Band of Ojibwe Reservation Restoration Act

AGENCY: Forest Service, USDA.

ACTION: Notice of transfer of administrative jurisdiction to land.

SUMMARY: Pursuant to the Leech Lake Band of Ojibwe Reservation Restoration Act (Act), the Secretary of Agriculture (Secretary), with the publication of this Notice, transfers administrative jurisdiction to approximately 11,760 acres of land (Federal land), located in the Chippewa National Forest in Cass County, Minnesota, to the Secretary of the Interior to be held in trust by the United States for the benefit of the Leech Lake Band of the Minnesota Chippewa Tribe, referred to in the Act as the Leech Lake Band of Ojibwe (LLBO or Tribe). A table containing the legal descriptions of the lands to which administrative jurisdiction is hereby transferred, along with accompanying Exhibit A, identifying existing public roads, and Exhibit B, identifying existing Forest roads and a Forest trail that the Forest Service will continue to operate pursuant to the terms of reserved easement rights approved by the Tribe, are provided at the end of this notice.

DATES: The transfer of administrative jurisdiction will be effective upon the publication of this Notice.

ADDRESSES: The boundaries of the Federal land are depicted on maps and in legal descriptions available for inspection at the Chippewa National Forest Supervisor's Office and at the

Bureau of Indian Affairs (BIA) Minnesota Agency.

Chippewa National Forest Supervisor's Office: Chippewa National Forest, 200 Ash Avenue NW, Cass Lake, MN 56633.

BIA Minnesota Agency:

Mailing/Physical Address: Bureau of Indian Affairs, 2225 Cooperative Court NW, Room 300, Bemidji, MN 56601.

FOR FURTHER INFORMATION CONTACT:

Michael Stansberry, Forest Supervisor, Chippewa National Forest, 200 Ash Avenue NW, Cass Lake, MN 56633, 218-335-8600 (ph), 218-335-8637 (fax), or email at SM.FS.ChipNFpublic@usda.gov.

Heidi Gordon, Superintendent, BIA Minnesota Agency, 2225 Cooperative Court NW, Room 300 Bemidji, MN 56601, 218-751-2011 Ext. 1401 (ph), 218-751-4367 (fax), or email at Minnesota_Agency@bia.gov.

SUPPLEMENTARY INFORMATION:

Transfer of Administrative Jurisdiction: The right, title, and interest of the United States to the approximately 11,760 acres of Federal land described below in this notice, including improvements and appurtenances, subject to valid existing rights, is transferred as provided in the Act (Pub. L. 116-255, 134 Stat. 1139) from the Secretary of Agriculture to the Secretary of the Interior upon the publication of this Notice. After transfer, the land will be held in trust by the United States for the benefit of the LLBO. The Act provides that the LLBO will respect existing utility easements, rights of way for roads, and flowage and reservoir rights. Existing public roads, and the Forest roads and Forest trail that the Forest Service will continue to operate, are further discussed later in this Notice at Exhibit A and Exhibit B, respectively. This Notice does not undertake to specifically list currently existing public utility easements, flowage or reservoir rights, or other valid existing rights to which the transfer of jurisdiction is subject.

National Environmental Policy Act Analysis: The Forest Service, Chippewa National Forest, has undertaken environmental review of this transfer pursuant to the National Environmental Policy Act (NEPA) and found that the transfer of administrative jurisdiction falls under the Categorical Exclusion (CE) in 36 CFR 220.6(7), "Sale or exchange of land or interest in land

where resulting land uses remain essentially the same." Although not required for actions under this CE, the Chippewa National Forest elected to document its decision in a Decision Memo, available at <https://www.fs.usda.gov/project/?project=64623> or by contacting the Chippewa Forest Supervisor as listed in the **FOR FURTHER INFORMATION CONTACT** section above.

Legal Description & Ongoing Surveys: The legal description of the Federal land to which administrative jurisdiction is hereby transferred is provided in the Table below, under the heading "Legal Descriptions of Federal Land Transferred." A small percentage of the Federal land (approximately 4 percent) is currently being surveyed by the Department of Interior, Bureau of Land Management (BLM). The Federal lands still being surveyed are identified below by a notation of "Estimated Acreage" in the below Table. The transfer of administrative jurisdiction of all the Federal land in the Table is effective upon the date of publication of this Notice; however, to the extent any updates to the acreage of any parcels being surveyed are needed, they will be published by the Forest Service in a supplementary **Federal Register Notice** upon approval and the official filing of the surveys with the BLM, Eastern States Office.

Existing Public Roads and Forest Easement Roads: Existing public roads and Forest Service roads will continue to be respected after transfer as provided in the Act. As to the existing public roads, Federal law defines a "public road" as "any road or street under the jurisdiction of and maintained by a public authority and open to public travel." 23 U.S.C. 101(a)(23). A "public authority" is defined by Federal law as "Federal, State, county, town, or township, Indian tribe, municipal or other local government or instrumentality with authority to finance, build, operate, or maintain toll or toll-free facilities." 23 U.S.C. 101(a)(22). Existing public roads that are the responsibility of public authorities other than the Forest Service, such as the BIA, the State of Minnesota, and Town, County, and municipal entities, are listed in Exhibit A. The list of existing public roads is not exhaustive.

As to Forest Service roads, after transfer of the Federal land, the Forest Service will continue to operate the Forest roads and Forest trail identified in Exhibit B pursuant to the terms of reserved easement rights enumerated below, as approved by the Tribe (Forest

Easement Roads). Forest road or trail is defined by federal regulations as “[a] road or trail wholly or partly within or adjacent to and serving the National Forest System that the Forest Service determines is necessary for the protection, administration, and

utilization of the National Forest System and the use and development of its resources.” 36 CFR 212.1. All Forest Easement Roads and the terms under which the Forest Service will operate them are identified in Exhibit B.

Sec. 14, Lot 6, NE $\frac{1}{4}$ NE $\frac{1}{4}$		60.5
Sec. 22, Lots 2 and 5, SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ NW $\frac{1}{4}$ <i>Partition Lands—Estimated Acreage</i>		202.1
Sec. 36, Lot 2 <i>Partition Lands—Estimated Acreage</i>		57.96
Total Twp. Acres	613.44

Legal descriptions of the Federal land are based on the Land Description Review Certificate prepared for the purposes of implementing this transfer by the U.S. Department of Interior, Bureau of Land Management, Eastern

States for the Bureau of Indian Affairs, Midwest Region, relying in part on research provided by the U.S. Forest Service, Eastern Region, said Certificate to be retained in the official case file by each agency.

Exhibit B**Reserved Easement Rights for Forest Easement Roads**

The Forest Service and the Tribe have executed an agreement that the below reserved easement rights would be published in this Notice and govern ongoing Forest Service access to and maintenance of the Forest Easement Roads after the transfer of

administrative jurisdiction of the Federal land containing those road and trail segments.

Reserved Forest Service Easement Rights Approved by Tribe

Pursuant to the Leech Lake Band of Ojibwe Reservation Restoration Act (Pub. L. 116–255, 134 Stat. 1139) (“the Act”), the Secretary of Agriculture, acting by and through the Forest Service

(“Forest Service”), is publishing this Notice of Transfer (“Notice”) transferring administrative jurisdiction to the Federal land, as defined by the Act, to the Secretary of Interior, Bureau of Indian Affairs to hold in Trust for the benefit of the Leech Lake Band of the Minnesota Chippewa Tribe, also known as the Leech Lake Band of Ojibwe (“LLBO” or “Tribe”).

This Easement is reserved by the Forest Service, with agreement by the Tribe, for the below-indicated Forest road and Forest trail sections pursuant to federal authorities under the Act. Upon publication of the Notice affecting the Federal land containing the below-identified roads and trail ("Forest Easement Roads"), the Forest Service will continue to operate such roads and trail pursuant to the terms herein. The Forest Service or the Tribe may record this Easement in the Office of the County Recorder for Cass County. The Tribe shall ensure this Easement is recorded or processed as necessary to establish its effectiveness in the land records maintained by the Department of Interior, Bureau of Indian Affairs.

The locations of the Forest Easement Roads are listed in the table below and shown approximately on the maps available for inspection at the Chippewa National Forest Supervisor's Office. If a conflict arises between the table below and the maps available for inspection, the table below shall control.

Unless agreed to by the Forest Service and the Tribe in writing for a particular road, the Easement shall be 33 feet on each side of the centerline with such additional width as required for accommodation and protection of cuts and fills. The centerline of the roads and trail as present on the ground shall be considered the true centerline of the Easement reserved. This Easement includes the following terms and conditions to be held by the Forest Service:

A. Except as hereinafter limited, the Forest Service reserves the right to utilize, reconstruct, and maintain the Forest Easement Roads within the easement without further consideration for all purposes deemed necessary or desirable by the Forest Service.

The Forest Service reserves the right to extend rights and privileges for use of the Forest Easement Roads to other Federal, State, and local authorities, as

well as other users including contractors, purchasers of forest products, and others including the public. The Forest Service shall manage, control and maintain the Forest Easement Roads subject to applicable law and regulation including but not limited to the Forest Roads and Trails Act of 1964 (16 U.S.C. 532–538), 23 U.S.C. 204–205, the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1715), and applicable federal regulations, including 36 CFR part 212, all as amended, which management shall include required consultation with the Tribe. Such maintenance shall be to the specifications of the Forest Easement Roads at the time of the publication of the Notice of Transfer for the Federal lands containing the below Forest Easement Roads, or to such changed specifications later set by Forest Service management decisions pursuant to applicable law, including increasing or decreasing maintenance schedules or levels.

Pursuant to such management decisions under applicable law, the Forest Service may, following consultation with the Tribe, reconstruct or maintain the Forest Easement Roads to higher specifications. Notwithstanding anything herein to the contrary, all maintenance or reconstruction shall be performed consistent with Forest Service needs and funding, and nothing herein shall be construed to constitute a promise of payment in advance of or in excess of appropriations in violation of the Anti-Deficiency Act, 31 U.S.C. 1341.

Public access to the Forest Easement Roads listed in this Exhibit B shall be determined by the Forest Service in accordance with its regulations, including consultation with the LLBO, unless and until the Regional Forester determines in writing that the easement or any segment thereof are no longer needed as provided below. After such termination, access to the affected

easement segments shall be determined solely by the LLBO.

B. The Forest Service may cut timber and remove obstructions within the easement to the extent the Forest Service deems necessary for utilizing, reconstructing, and maintaining the roads and trail. Timber so cut shall, unless otherwise agreed to, be decked along the road or trail for disposal by the Tribe.

This easement is reserved subject to the following rights of the Leech Lake Band of Ojibwe:

1. The right to use the Forest Easement Roads for all purposes deemed necessary or desirable by the LLBO. LLBO use shall be subject to construction, reconstruction, and maintenance costs commensurate with such use to the extent changes in its use of the below road and trail segments after the date of this Notice contribute to increased maintenance needs.

2. The right to access and cross the easement at any place by any means and manner that complies with the traffic-control regulations of the Forest Service and does not interfere unreasonably with the Forest Service use of the Forest Easement Roads.

3. The right to all timber now or hereafter growing on the easement subject to the Forest Service's right to cut such timber as hereinbefore provided.

This easement shall continue for the duration of time the below road segments remain Forest roads or, for the purposes of the Forest trail, a Forest trail, as defined under 36 CFR part 212, as amended. If the Regional Forester determines in writing that the easement or any segment thereof is no longer needed, the easement traversed thereby shall immediately terminate by operation of law, but shall be evidenced by a statement in recordable form furnished by the Regional Forester to the LLBO and the BIA.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

[Docket No.: RUS-24-WATER-0016]

Notice of a Revision to a Currently Approved Information Collection

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Utilities Service's (RUS or the Agency), an agency with the United States Department of Agriculture, Rural Development, intention to request a revision to a currently approved information collection package for the Rural Decentralized Water Systems program. The Agency invites comments on this information collection for which the Agency intends to request approval

from the Office of Management and Budget (OMB).

DATES: Comments on this notice must be received by August 27, 2024 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT:

Pamela Bennett, Rural Development Innovation Center—Regulations Management Division, USDA, 1400 Independence Avenue SW, STOP 1522, South Building, Washington, DC 20250-1522. Telephone: (202) 720-9639. Email pamela.bennett@usda.gov.

SUPPLEMENTARY INFORMATION: The OMB regulation (5 CFR part 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-13) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection that the Agency is submitting to OMB for revision.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) The accuracy

of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) Ways to enhance the quality, utility and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent by the Federal eRulemaking Portal: Go to <https://www.regulations.gov> and, in the "Search" box, type in the Docket No. located at the beginning of this notice. A link to the Notice will appear. You may submit a comment here by selecting the "Comment" button or you can access the "Docket" tab, select the "Notice," and go to the "Browse & Comment on Documents" Tab. Here you may view comments that have been submitted as well as submit a comment. To submit a comment, select the "Comment" button, complete the required information, and select the "Submit Comment" button at the bottom. Information on using
