SUPPLEMENTARY INFORMATION:**Table of Contents**

- I. Introduction
- II. Notice of Filing
- III. Ordering Paragraphs

I. Introduction

On May 11, 2010, the Postal Service filed a notice announcing that it has entered into four additional Global Expedited Package Services 2 (GEPS 2) contracts.¹ The Postal Service believes the instant contracts are functionally equivalent to previously submitted GEPS 2 contracts, and are supported by Governors' Decision No. 08-7, attached to the Notice and originally filed in Docket No. CP2008-4. *Id.* at 1, Attachment 3. The Notice also explains that Order No. 86, which established GEPS 1 as a product, also authorized functionally equivalent agreements to be included within the product, provided that they meet the requirements of 39 U.S.C. 3633. *Id.* at 1. In Order No. 290, the Commission approved the GEPS 2 product.²

The instant contracts. The Postal Service filed the instant contracts pursuant to 39 CFR 3015.5. In addition, the Postal Service contends that each contract is in accordance with Order No. 86. The term of each contract is one year from the date the Postal Service notifies the customer that all necessary regulatory approvals have been received. Notice at 2-3.

¹ Notice of United States Postal Service Filing of Four Functionally Equivalent Global Expedited Package Services 2 Negotiated Service Agreements and Application for Non-Public Treatment of Materials Filed Under Seal, May 11, 2010 (Notice).

² Docket No. CP2009-50, Order Granting Clarification and Adding Global Expedited Package Services 2 to the Competitive Product List, August 28, 2009 (Order No. 290).

In support of its Notice, the Postal Service filed four attachments as follows:

- Attachments 1A, 1B, 1C and 1D—redacted copies of the four contracts and applicable annexes;
- Attachments 2A, 2B, 2C and 2D—a certified statement required by 39 CFR 3015.5(c)(2) for each of the two contracts;
- Attachment 3—a redacted copy of Governors' Decision No. 08-7 which establishes prices and classifications for GEPS contracts, a description of applicable GEPS contracts, formulas for prices, an analysis and certification of the formulas and certification of the Governors' vote; and
- Attachment 4—an application for non-public treatment of materials to maintain redacted portions of the contracts and supporting documents under seal.

The Notice advances reasons why the instant GEPS 2 contracts fit within the Mail Classification Schedule language for GEPS 2. The Postal Service identifies customer-specific information, general contract terms, and other differences that distinguish the instant contracts from the baseline GEPS 2 agreement, all of which are highlighted in the Notice. *Id.* at 3-6. These modifications as described in the Postal Service's Notice apply to each of the instant contracts.

The Postal Service contends that the instant contracts are functionally equivalent to the GEPS 2 contracts filed previously notwithstanding these differences. *Id.* at 6-7.

The Postal Service asserts that several factors demonstrate the contracts' functional equivalence with previous GEPS 2 contracts, including the product being offered, the market in which it is offered, and its cost characteristics. *Id.* at 3. The Postal Service concludes that because the GEPS agreements "incorporate the same cost attributes and methodology, the relevant cost and market characteristics are similar, if not the same . . ." despite any incidental differences. *Id.* at 6.

The Postal Service contends that its filings demonstrate that each of the new GEPS 2 contracts complies with the requirements of 39 U.S.C. 3633 and is functionally equivalent to previous GEPS 2 contracts. It also requests that the contracts be included within the GEPS 2 product. *Id.* at 7.

II. Notice of Filing

The Commission establishes Docket Nos. CP2010-50, CP2010-51, CP2010-52 and CP2010-53 for consideration of matters related to the contracts identified in the Postal Service's Notice.
