

As expressed in Executive Order 14005, *Ensuring the Future is Made in All of America by All of America's Workers* (86 FR 7475), it is the policy of the executive branch to use terms and conditions of Federal financial assistance awards to maximize, consistent with law, the use of goods, products, and materials produced in, and services offered in, the United States. Consistent with the requirements of the Build America, Buy America Act (Pub. L. 117–58, Division G, Title IX, Subtitle A, November 15, 2021), no amounts made available through this NOFO may be obligated for a project unless all iron, steel, manufactured products, and construction materials used in the project are produced in the United States. Depending on other funding streams, the project may be subject to separate “Buy America” requirements.

All recipients must comply with the requirements under Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act, and their implementing regulations. Applicants should review these civil rights statutes carefully to ensure full compliance with these obligations. These requirements apply to recipients as well as all subrecipients. The successful applicant will be responsible for implementing an effective and compliant Title VI and Section 504 program under the technical assistance from MARAD's Office of Civil Rights.

In connection with any program or activity conducted with or benefiting from funds awarded under this notice, recipients of funds must comply with all applicable requirements of Federal law, including, without limitation, the Constitution of the United States; the conditions of performance, nondiscrimination requirements, and other assurances made applicable to the award of funds in accordance with regulations of the Department of Transportation; and applicable Federal financial assistance and contracting principles promulgated by the Office of Management and Budget. In complying with these requirements, recipients, in particular, must ensure that no concession agreements are denied or other contracting decisions made on the basis of speech or other activities protected by the First Amendment. If the Department determines that a recipient has failed to comply with applicable Federal requirements, the Department may terminate the award of funds and disallow previously incurred costs, requiring the recipient to reimburse any expended award funds.

### 3. Reporting

#### a. Progress Reporting on Grant Activities

Award recipients are required to submit quarterly reports, signed by officers of the recipients, to the Program Office to keep MARAD informed of all activities during the reporting period. The reports will indicate progress made, planned activities for the next reporting period, and a listing of any purchases made with grant funds during the reporting period. In addition, the report will include an explanation of any deviation from the projected budget and timeline. Quarterly reports will also contain, at a minimum, the following: (i) A statement as to whether the award recipient has used the grant funds consistent with the terms contemplated in the grant agreement; (ii) if applicable, a description of the budgeted activities not procured by recipient; (iii) if applicable, the rationale for recipient's failure to execute the budgeted activities; (iv) if applicable, an explanation as to how and when recipient intends to accomplish the purposes of the grant agreement; and (v) a budget summary showing funds expended since commencement, anticipated expenditures for the next reporting period, and expenditures compared to overall budget.

#### b. Performance Reporting

Award recipients will also collect information and report on a project's observed performance with respect to the relevant long-term outcomes that are expected to be achieved through the project. Performance indicators will not include formal goals or targets, but will include observed measures under baseline (pre-project) as well as post-implementation outcomes for an agreed-upon timeline, and will be used to evaluate and compare projects and monitor the results that grant funds achieve to the intended long-term outcomes of the AMHP. Performance reporting continues for several years after the project is completed, and MARAD does not provide Marine Highway Grant funding specifically for performance reporting.

#### c. Reporting of Matters Related to Recipient Integrity and Performance

If the total value of a selected applicant's currently active grants, cooperative agreements, and procurement contracts from all Federal awarding agencies exceeds \$10,000,000 for any period of time during the period of performance of this Federal award, then the applicant during that period of time must maintain the currency of information reported to the SAM that is

made available in the designated integrity and performance system (currently FAPIIS) about civil, criminal, or administrative proceedings described in paragraph 2 of 2 CFR Appendix XII to Part 200. This is a statutory requirement under Section 872 of Public Law 110–417, as amended (41 U.S.C. 2313). As required by Section 3010 of Public Law 111–212, all information posted in the designated integrity and performance system on or after April 15, 2011, except past performance reviews required for Federal procurement contracts, will be publicly available.

### G. Federal Awarding Agency Contacts

To ensure applicants receive accurate information about eligibility, the program, or in response to other questions, applicants are encouraged to contact MARAD directly, rather than through intermediaries or third parties. Please see contact information in the **FOR FURTHER INFORMATION CONTACT** section above.
