

We based our calculation of selling, general and administrative expenses, overhead, and profit on the fiscal year 2002 (April 2001 to March 2002) publicly available financial statement of Omnia Holdings Limited, a South African producer of the subject merchandise.

For a complete analysis of surrogate values used in the preliminary determination, see the Factors of Production Valuation Memorandum, dated concurrently with this notice.

Verification

In accordance with section 782(i) of the Act, we intend to verify all information relied upon in making our final determination.

Suspension of Liquidation

We are directing the U.S. Customs Service to suspend liquidation of all entries of subject merchandise from Belarus entered, or withdrawn from warehouse, for consumption on or after the date on which this notice is published in the **Federal Register**. In addition, we are instructing the Customs Service to require a cash deposit or the posting of a bond equal to the weighted-average amount by which the NV exceeds the EP, as indicated in the chart below. These instructions suspending liquidation will remain in effect until further notice.

We determine that the following weighted-average percentage margins exist for the POI:

Manufacturer/exporter	Weighted-Average Margin (percent)
Grodno	190.34
Belarus-Wide Rate	190.34

The Belarus-wide rate applies to all entries of subject merchandise except entries from Grodno.

Disclosure

In accordance with 19 CFR 351.224(b), the Department will disclose the calculations performed in the preliminary determination to interested parties within five days of the date of publication of this notice.

ITC Notification

In accordance with section 733(f) of the Act, we have notified the ITC of the Department's preliminary affirmative determination. If the final determination in this proceeding is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of UANS from Belarus are materially

injuring, or threaten material injury to, the U.S. industry.

Public Comment

In accordance with 19 CFR 351.301(c)(3)(i), interested parties may submit publicly available information to value the factors of production for purposes of the final determination within 40 days after the date of publication of this preliminary determination. Case briefs or other written comments must be submitted to the Assistant Secretary for Import Administration no later than one week after issuance of the verification report. Rebuttal briefs, whose contents are limited to the issues raised in the case briefs, must be filed within five days after the deadline for the submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Further, we request that parties submitting briefs and rebuttal briefs provide the Department with a copy of the public version of such briefs on diskette.

In accordance with section 774 of the Act, we will hold a public hearing, if requested, to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs. If a request for a hearing is made, we will tentatively hold the hearing two days after the deadline for submission of rebuttal briefs at the U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, DC 20230, at a time and in a room to be determined. Parties should confirm by telephone the date, time, and location of the hearing 48 hours before the scheduled date. At the hearing, oral presentations will be limited to issues raised in the briefs. See 19 CFR 351.310(c). SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established

(b) A Party, investigating authority or interested person that does not file a Complaint but that intends to appear in support of any reviewable portion of the final determination may participate in the panel review by filing a Notice of Appearance in accordance with Rule 40 within 45 days after the filing of the first Request for Panel Review (the deadline for filing a Notice of Appearance is November 4, 2002); and

(c) The panel review shall be limited to the allegations of error of fact or law, including the jurisdiction of the investigating authority, that are set out in the Complaints filed in the panel review and the procedural and substantive defenses raised in the panel review.

Dated: September 20, 2002.

SUPPLEMENTARY INFORMATION:

Background

The draft Code of Conduct was released for public comment via **Federal Register** notice dated August 23, 2002 (67 FR 54644), with a 30-day comment period. NMFS is extending the comment period in response to numerous requests from the public indicating that a 30-day comment period does not allow sufficient time for stakeholders to provide their input into the preparation of the final document. The previous **Federal Register** notice provided a tentative time frame for the production of a Code of Conduct. To accommodate the longer comment period, the time frame for production of a final Code of Conduct has been revised as provided here.

Time Frame

August 23, 2002: Release draft Code of Conduct for public comment via posting of the document on the NMFS Web site (www.nmfs.noaa.gov/aquaculture.htm). The document will also be provided in hard copy upon request (see **FOR FURTHER INFORMATION CONTACT**).

October 31, 2002: Public comment period on draft Code of Conduct ends. December 2002: Release final Code of Conduct via a **Federal Register** notice of availability and posting on the NMFS Web site (www.nmfs.noaa.gov/aquaculture.htm). The document will also be provided in hard copy upon request (see **FOR FURTHER INFORMATION CONTACT**).

Dated: September 27, 2002.
