Title of Collection: Teacher Education Assistance for College and Higher Education Grant (TEACH) Eligibility Regulations.

OMB Control Number: 1845-0084.

Agency Form Number(s): N/A.

Total Estimated Number of Annual Responses: 233,276.

Total Estimated Annual Burden Hours: 32,739.

Abstract: The Teacher Education Assistance for College and Higher Education (TEACH) Grant program is a non-need-based grant program that provides up to \$4,000 per year to students who are enrolled in an eligible program and who agree to teach in a high-need field, at a low-income elementary or secondary school for at

least four years within eight years of completing the program for which the TEACH Grant was awarded. The TEACH Grant program regulations are required to ensure accountability of the program participants, both institutions and student recipients, for proper program administration, to determine eligibility to receive program benefits and to prevent fraud and abuse of program funds. The regulations include both recordkeeping and reporting requirements. The recordkeeping by the school allows for review of compliance with the regulations during on-site institution reviews. The Department uses the required reporting to allow for close-out of institutions that are no longer participating or who lose eligibility to participate in the program.

Affected Public: Not-for-Profit Institutions.

Total Estimated Number of Annual Responses: 56.

Abstract: On October 2010, the Office of Postsecondary Education (OPE) awarded 27 Institutes of Higher Education (IHE) grants to fund the creation of Transition Programs for Students with Intellectual Disabilities (TPSIDs) (model demonstrations) in 23 states.

OPE also awarded a grant to the Institute for Community Inclusion at the University of Massachusetts Boston to

fund a coordinating center to support these TPSID grantees as well as other programs around the country that are working to transition students with cognitive disabilities into higher education. One of the Coordinating Center's roles is to develop an evaluation system for the TPSID programs. The proposed data collection system is part of that evaluation effort and involves establishment of a uniform dataset across the initial 27 sites (and potentially up to 31 additional IHEs) to ensure consistency in collection of information comprised by the previously listed 11 Government Performance and Results Act measures. The system will collect program data at the institution and individual level from TPSID program staff via an online, secure, data management system.
