BILLING CODE P**DEPARTMENT OF ENERGY****Western Area Power Administration****Loveland Area Projects—Rate Order No. WAPA-146**

AGENCY: Western Area Power Administration, DOE.

ACTION: Notice of proposed power rates.

SUMMARY: The Western Area Power Administration (Western) is proposing revised rates for Loveland Area Projects (LAP) firm electric service. LAP consists of the Frypan-Arkansas Project (Fry-Ark) and the Pick-Sloan Missouri Basin Program—Western Division (Pick-Sloan—WD), which were integrated for marketing and rate-making purposes in 1989. Current rates, under Rate

Schedule L-F8, extend through December 31, 2013, but are not sufficient to meet LAP revenue requirements. The proposed rates will provide sufficient revenue to pay all annual costs, including interest expense, and repay investments within the allowable periods. Western will prepare and make available a brochure that provides detailed information on the proposed rates. The proposed rates, under Rate Schedule L-F9, would go into effect on January 1, 2010, and would remain in effect through December 31, 2014, or until superseded. Publication of this **Federal Register** notice begins the formal process for the proposed rate adjustment.

DATES: The consultation and comment period begins today and will end October 13, 2009. Western will present a detailed explanation of the proposed rates at a public information forum. The public information forum will be held on August 18, 2009, from 9 a.m. to 10:30 a.m. MDT, in Northglenn, Colorado. Western will accept oral and written
