The company plans to manufacture small quantities of bulk material for use in reference standards.

No comments or objections have been received. DEA has considered the factors in 21 U.S.C. 823(a) and determined that the registration of Accustandard Inc. to manufacture the listed basic classes of controlled substances is consistent with the public interest at this time. DEA has investigated Accustandard Inc. to ensure that the company's registration is consistent with the public interest. The investigation has included inspection and testing of the company's physical security systems, verification of the company's compliance with state and local laws, and a review of the company's background and history. Therefore, pursuant to 21 U.S.C. 823, and in accordance with 21 CFR 1301.33, the above named company is granted registration as a bulk manufacturer of the basic classes of controlled substances listed.

Dated: September 16, 2004

BILLING CODE 4410-09-M

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

Gilbert C. Aragon, Jr., D.O.; Revocation of Registration

On January 5, 2004, the Deputy Assistant Administrator, Office of Diversion Control, Drug Enforcement Administration (DEA), issued an Order to Show Cause to Gilbert C. Aragon, Jr., D.O. (Dr. Aragon) notifying him of an opportunity to show cause as to why DEA should not revoke his Certificate of Registration, BA4652714, and deny any pending applications for renewal or modification of such registration, pursuant to 21 U.S.C. 824(a)(2) and (3), 21 U.S.C. 823(f). Specifically, the Order to Show Cause alleged in relevant part, the following:

1. Effective May 17, 2002, the Texas State Board of Medical Examiners (Board) suspended Dr. Aragon's state medical license. The suspension was based upon an Agreed Order documenting Dr. Aragon's arrest by Dallas Police on November 20, 2000, for driving while intoxicated and possession of dangerous and controlled substances. After a plea agreement with local authorities, Dr. Aragon pled guilty to the charge of driving while intoxicated. Court documents also revealed that Dr. Aragon also admitted

guilt to the offense of illegal drug possession, but the matter was not adjudicated. On June 8, 2001, Dr. Aragon was sentenced to 150 days in jail, which was probated for two years, and ordered to pay a \$2,000 fine. The Board's suspension was further premised on Dr. Aragon's admission to police of having written fictitious prescriptions in the names of family members in order to assist his wife (who was addicted to drugs) illegally obtain hydrocodone. As a result of the actions taken by the Board, Dr. Aragon is currently without authority to handle controlled substances in Texas, the State in which he is registered with DEA.

2. On November 30, 2000, May 12, 2001, and November 27, 2001, Dr. Aragon answered "no" to questions on his Medical Practice Questionnaire and Annual Registration Renewal forms inquiring if he had been arrested, charged or convicted of a crime or placed on probation.

3. After being indicted by a Dallas County Grand Jury on January 22, 2003, Dr. Aragon appeared before the 203rd Judicial District Court of Dallas County, Texas, and pled guilty to the third degree felony of "[u]nlawfully obtaining from a legally registered pharmacist, a controlled substance, to-wit: dihydrocodeinone, by the use of false or forged prescription on October 15,
