

significant impacts to water quality and fish. However, EPA continues to have objections because the final EIS does not clearly state how much the modification would reduce the potential for turbidity and lacks a quantitative estimate of suspended solids, new information about monitoring and mitigation, and a greater description of environmental impacts and alternatives analyses.

#### Summary

No formal comment letter was sent to the preparing agency.

#### Regulations

ERP No. R-BLM-A99217-00 43 CFR Subpart 3809—Surface Management Regulations for Locatable Mineral Operations; Proposed Suspension.

#### Summary

EPA expressed concern that the bonding and financial assurance requirements be adequate to ensure that states and the federal government are not required to pay reclamation and clean up costs for abandoned mine sites. EPA recommends that the financial assurance requirements in the current regulation not be suspended but be continued.

### Meeting on Consumer Awareness Program for Chromated Copper Arsenicals--Treated Wood; Notice of Public Meeting

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of public meeting.

**SUMMARY:** EPA is announcing a June 7th meeting which will focus on the Consumer Awareness Program and a new proposed action plan developed by the Chromated Copper Arsenicals (CCA)-treated wood industry to strengthen dissemination of information regarding proper consumer use and handling precautions to all purchasers and users of CCA-treated wood products. This meeting is a follow-up to two meetings held on May 9, 2001, concerning the consumer awareness program for dissemination of information to consumers on the proper use and handling of CCA-treated wood products. The first meeting was between the Agency and public interest groups (Beyond Pesticides and Environmental Working Group), while representatives of the American Wood Preservers Institute, Home Depot, Lowe's, the National Lumber and Building Materials Dealers Association, and the manufacturers of CCA attended the second meeting. A representative from the University of Florida and the Florida Department of Agriculture were also in attendance at both meetings. The purpose of the May 9th meetings was to evaluate current efforts for informing the public about the safe use and handling of CCA-treated wood.

**DATES:** The meeting will be held on Thursday, June 7, 2001, from 9 a.m. to 11 a.m.

Requests to participate in the meeting must be received by EPA on or before June 6, 2001.

**ADDRESSES:** The meeting will be held at the Hilton Crystal City, 2399 Jefferson Davis Hwy., Arlington, VA.

Requests to participate in this meeting may be submitted by mail, electronically, or in person. Please
