The public hearings will provide interested parties the opportunity to present data, views, or arguments concerning the proposal. We will consider written statements and supporting information submitted during the comment period with the same weight as any oral comments and supporting information presented at the public hearings. At the public hearings, the hearing officer may limit the time available for each commenter to address the proposal to five minutes or less if the hearing officer determines it is appropriate. We will not provide equipment for commenters to show overhead slides or make computerized slide presentations. Any person may provide written or oral comments and data pertaining to our proposal at the public hearings. We will include verbatim transcripts, in English, of the hearing and written statements in the rulemaking docket.
