SUPPLEMENTARY INFORMATION:**Public Participation and Comments**

We encourage you to submit comments (or related material) on the notice we published on December 18, 2014 (79 FR 75574). We will consider all submissions and may adjust our final policy actions based on your comments. Comments should be marked with docket number USCG–2014–1020, and

should provide a reason for each suggestion or recommendation. You should provide personal contact information so that we can contact you if we have questions regarding your comments; but please note that all comments will be posted to the online docket without change and that any personal information you include can be searchable online (see the **Federal Register** Privacy Act notice regarding our public dockets, 73 FR 3316, Jan. 17, 2008).

Mailed or hand-delivered comments should be in an unbound 8½ x 11 inch format suitable for reproduction. The Docket Management Facility will acknowledge receipt of mailed comments if you enclose a stamped, self-addressed postcard or envelope with your submission.

Documents mentioned in this notice, and all public comments, are in our online docket at <http://www.regulations.gov> and can be viewed by following the Web site's instructions. You can also view the docket at the Docket Management Facility (see the mailing address under **ADDRESSES**) between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Correction

In the December 18, 2014 edition of the **Federal Register**, the Coast Guard published a notice titled, “Guidance on Maritime Cybersecurity Standards” (79 FR 75574). In providing background information, the notice contained the following statement: “Coast Guard regulations require certain vessel and facility operators to conduct security assessments, and to develop security plans that address vulnerabilities identified by the security assessment.” Mistakenly, the footnote at the end of that statement, referencing the applicable regulatory citations, referred to 33 CFR parts 104 (vessels) and 105 (facilities), but failed to refer to 33 CFR part 106 (outer continental shelf facilities). To avoid any confusion that may have resulted from the inadvertent omission of 33 CFR part 106 from the footnote, we wish to clarify that we are soliciting comments from all parties interested in maritime cybersecurity standards, including all parties regulated by the Coast Guard under 33 CFR chapter I, subchapter H.

Authority

This notice is issued under the authority of 5 U.S.C. 552(a).

Dated: December 23, 2014.

Proposed Flood Hazard Determinations**AGENCY:** Federal Emergency Management Agency, DHS.**ACTION:** Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before March 31, 2015.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at www.msc.fema.gov for comparison.
