

Section 49.13 provides that operators of small and remote mines may submit an application for alternative mine rescue capability to MSHA for approval.

Section 49.16 requires that a person trained in the use and care of a breathing apparatus must inspect and test the apparatus at intervals not exceeding 30 days and must certify by signature and date that the required inspections and tests were done, and record any corrective action taken.

Section 49.17 requires that each member of a mine rescue team be examined annually by a physician who must certify that each person is physically fit to perform mine rescue and recovery work.

Section 49.18 requires that a record of the training received by each mine rescue team member be made and kept on file at the mine rescue station for a period of one year. The operator must provide the District Manager information concerning the schedule of upcoming training when requested.

Section 49.19 requires that each mine have a mine rescue notification plan outlining the procedures to be followed in notifying the mine rescue teams when there is an emergency that requires their services.

Section 49.50 requires underground coal mine operators to certify that each designated coal mine rescue team meets the requirements of 30 CFR part 49 subpart B.

Sections 75.1713–1 and 77.1702 require operators to make arrangements for 24-hour emergency medical assistance and transportation for injured persons and to post this information at appropriate places at the mine, including the names, titles, addresses, and telephone numbers of all persons or services currently available under those arrangements.

Under 30 CFR part 49 subpart A, Mine Rescue Teams for Underground Metal and Nonmetal Mines, requires every operator of an underground mine to assure the availability of mine rescue capability for purposes of emergency rescue and recovery. This collection of information relates to the availability of mine rescue teams; alternate mine rescue capability for small and remote mines and mines with special mining conditions; inspection and maintenance records of mine rescue equipment and apparatus; physical requirements for team members and alternates; and experience and training requirements for team members and alternates.

II. Desired Focus of Comments

MSHA is soliciting comments concerning the proposed information collection related to Mine Rescue

Teams; Arrangements for Emergency Medical Assistance and Transportation for Injured Persons; Agreements; Reporting Requirements; Posting Requirements. MSHA is particularly interested in comments that:

- Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information has practical utility;
- Evaluate the accuracy of MSHA's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2020–010]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of proposed extension request.

SUMMARY: NARA proposes to request an extension from the Office of Management and Budget (OMB) of approval to use an information collection on statistical research. We collect certain information on research plans and requested records from researchers who wish to do biomedical statistical research in archival records containing highly personal information. We invite you to comment on this proposed information collection pursuant to the Paperwork Reduction Act of 1995.

DATES: We must receive written comments on or before February 3, 2020.

ADDRESSES: Send comments to Paperwork Reduction Act Comments (MP), Room 4100; National Archives and Records Administration; 8601 Adelphi Road, College Park, MD 20740–6001, fax them to 301.837.7409, or email them to tamee.fechhelm@nara.gov.

FOR FURTHER INFORMATION CONTACT: Contact Tamee Fechhelm by telephone at 301.837.1694 or fax at 301.837.7409 with requests for additional information or copies of the proposed information collection and supporting statement.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Pub. L. 104–13), we invite the public and other Federal agencies to comment on proposed information collections. The comments and suggestions should address one or more of the following points: (a) Whether the proposed information collection is necessary for us to properly perform our functions; (b) our estimate of the burden of the proposed information collection and its accuracy; (c) ways we could enhance the quality, utility, and clarity of the information we collect; (d) ways we could minimize the burden on respondents of collecting the information, including through information technology; and (e) whether this collection affects small businesses. We will summarize any comments you submit and include the summary in our request for OMB approval. All comments will become a matter of public record. In this notice, we solicit comments concerning the following information collection:

Title: Statistical Research in Archival Records Containing Personal Information.
