

under the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C., App. 2. The CASAC AAMMS will comply with the provisions of FACA and all appropriate SAB Staff Office procedural policies.

Section 109(d)(1) of the CAA requires that the Agency periodically review and revise, as appropriate, the air quality criteria and the NAAQS for the six "criteria" air pollutants. On February 9, 2010, EPA promulgated monitoring requirements as part of a final rule supporting the revision to the primary (health-based) NAAQS for nitrogen oxides. As part of the rulemaking, certain State and local air agencies are required to operate near-road nitrogen dioxide (NO₂) monitors. To assist States and local air agencies, EPA is developing near-road monitoring guidance materials and planning an associated pilot monitoring study for which they have requested AAMMS' advice. This review will cover the multi-pollutant aspects of near-road monitoring, supplementing the NO₂ focus with discussion of carbon monoxide, particulate matter and related measurements.

Technical Contacts: Any technical questions concerning the near-road monitoring requirements, planned guidance document, and pilot monitoring study can be directed to Mr. Nealson Watkins at 919-541-5522 or watkins.nealson@epa.gov.

Availability of Meeting Materials: The EPA draft guidance documents are posted at <http://www.epa.gov/ttn/amtic/casacinf.html>. Prior to the meetings, the agenda, charge questions and other materials for these AAMMS meetings will be accessible through the calendar link on the blue navigation bar at <http://www.epa.gov/casac/>.

Procedures for Providing Public Input: Public comment for consideration by EPA's Federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a Federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** To be placed on the public speaker list for the meeting, interested parties should notify Dr. Stallworth, DFO, by e-mail no later than September

22, 2010. Individuals making oral statements will be limited to five minutes per speaker. **Written Statements:** Written statements for the meeting should be received in the SAB Staff Office by September 22, 2010, so that the information may be made available to the CASAC AAMMS for its consideration prior to this meeting. Written statements should be supplied to the DFO via e-mail (acceptable file format: Adobe Acrobat PDF, MS Word, WordPerfect, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format).

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Stallworth at the phone number or e-mail address noted above, preferably at least ten days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: August 27, 2010.

Director, EPA Science Advisory Board Staff Office.
