NUCLEAR REGULATORY COMMISSION

[NRC-2020-0041]

Survey of NRC's Materials Licensees

AGENCY: Nuclear Regulatory Commission.

ACTION: Information Collection; Licensee Survey.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is conducting a survey of its materials licensees to gather data to inform its decision on a future rulemaking action. The NRC established a nuclear-industry-specific size standard for categorizing the size of small business entities. The responses to this survey will provide the information necessary for the NRC to reassess, and potentially revise, its small entity size standards.

DATES: Submit your response to the survey by April 30, 2020. Survey responses received after this date will be used if it is practical to do so, but the NRC is able to ensure use only for responses received on or before this date.

ADDRESSES: You may submit a response to the survey by any of the following methods:

- *Complete the Survey electronically through the internet:* This Survey can be accessed, and responses entered, on the NRC public website at www.NRC.gov. At the bottom of the first screen under the

section titled, ABOUT US, click on LICENSE FEES. Next screen, click in the box titled RELATED INFORMATION, click on the item Small Entity Classification Survey. Proceed to complete the survey.

- *Mail completed Survey response:* Responses can be submitted through the regular U.S. mail. Licensees will be mailed a paper Survey with an NRC-addressed, business reply return envelop included. All U.S. mail replies should be addressed to: U.S. Nuclear Regulatory Commission, LFPT/OCFO Mail Stop: T-9B50, 11555 Rockville Pike, Rockville, MD 20852-2738.

FOR FURTHER INFORMATION CONTACT:

Anthony Rossi, Office of the Chief Financial Officer, telephone: 301-415-7341; email: Anthony.Rossi@nrc.gov; or, Jo Jacobs, Office of the Chief Financial Officer, telephone: 301-415-8388; email: Jo.Jacobs@nrc.gov. Both are staff of the U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

I. Discussion

The NRC has established its own standards for categorizing the size of small business entities in section 2.810 of title 10 of the *Code of Federal Regulations (CFR)*, "NRC Size Standards." The agency's standards differ from those of the Small Business Administration (SBA) because NRC licensees do not align with SBA size standard classifications. The NRC has established its standards in consultation with the administrator of SBA in accordance with their regulations in 13 CFR 121.903.

The Omnibus Budget and Reconciliation Act of 1990 (OBRA-90), as amended, requires the NRC to recover 90 percent of the annual budget through fees. Since the agency has not surveyed its materials licensees since 1993, the NRC is conducting this survey to gather financial data to determine if a change is needed to the size standards. Without conducting a survey, the NRC does not have the data needed to determine the impact of changing the current nuclear industry-specific size standards. The results of the analysis will be used to provide a recommendation to the Commission that is backed with sound factual data.

II. Additional Information

Licensees may complete the survey online or submit in hard copy by U.S. mail in accordance with the instructions in the **ADDRESSES** section of this document. For questions regarding the survey, contact staff listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.
