Approval and Promulgation of Implementation Plans; State of Missouri, Auto Exhaust Emission Controls

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to take direct final action to approve the State Implementation Plan (SIP) revision submitted by the state of Missouri on January 14, 2014, for the purpose of removing an outdated rule. This action amends the SIP to remove a rule that was originally approved in 1972 but has now been rescinded. This rule refers to exhaust emission control components that are no longer manufactured. Vehicle manufacturers now produce newer technology in exhaust emissions equipment in order to meet more stringent Federal motor vehicle standards.

DATES: Comments on this proposed action must be received in writing by August 18, 2014.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA–R07–OAR–2014–0400, by mail to Paula Higbee, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the state’s SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed action. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment. For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.
