(1) Verify the wage earner is deceased; and (2) access the correct Social Security record. Respondents are members of the public requesting deceased individuals' Social Security records.

Type of Request: Revision of an OMB-approved information collection.

uses the information to issue a Form 1099-MISC. SSA also uses the information to allow business entities to designate individuals to serve as entity administrators authorized to perform certain administrative duties on their behalf, such as providing bank account information, maintaining entity
