Abstract of Proposed Collection

Pursuant to Part 122 of the International Traffic in Arms Regulation (ITAR), and section 38 of the Arms Export Control Act, 22 U.S.C. 2778, any person who engages in the United States in the business of manufacturing or exporting or temporarily importing defense articles or furnishing defense services is required to register with the Department of State, Directorate of Defense Trade Controls (DDTC). Pursuant to Part 129 of the ITAR, any U.S. person wherever located, and any foreign person located in the United States or otherwise subject to the jurisdiction of the United States, who engages in the business of brokering activities, is required to register with DDTC. DDTC uses the information provided by registrants to meet the mandates described in Part 122 and Part 129 of the ITAR. As appropriate, such information may be shared with other

U.S. Government entities. This information is currently used in the review and action on registration requests and to ensure compliance with defense trade laws and regulations.

Methodology

Statement of Registration submissions are made via a completed DS-2032 which may be accessed from DDTC's website and submitted electronically.

Response to Public Comment

DDTC received a single response removal of home address and Social Security Number (SSN) for members of the applicant's board of directors, senior officers, partners and owners from the information collection. DDTC has reevaluated the need to collect home address and SSN for these individuals and determined the home address and SSN fields will be removed from the information collection (Block 6 of the DS-2032). The same commenting party recommended updating or removing payment information from the information collection. DDTC notes that the payment information was previously removed from the information collection under a previous OMB review and approval.

Chief of Staff, Directorate of Defense Trade Controls, U.S. Department of State.
