

timely manner in the territory of any Party. The CAFTA-DR Agreement provides that this list may be modified pursuant to Article 3.25(4)-(5), when the President of the United States determines that a fabric, yarn, or fiber is not available in commercial quantities in a timely manner in the territory of any Party. See Annex 3.25, Note; see also section 203(o)(4)(C) of the Act.

The CAFTA-DR Act requires the President to establish procedures governing the submission of a request and providing opportunity for interested entities to submit comments and supporting evidence before a commercial availability determination is made. In Presidential Proclamations 7987 and 7996, the President delegated to CITA the authority under section 203(o)(4) of CAFTA-DR Act for

modifying the Annex 3.25 list. On March 21, 2007, CITA published final procedures it would follow in considering requests to modify the Annex 3.25 list (72 FR 13256).

On August 20, 2007, the Chairman of CITA received a commercial availability request from Alston & Bird, LLP, on behalf of Glen River Trading, for certain two-way stretch woven fabrics of polyester, rayon, and elastomeric yarns, of the specifications detailed below. On August 22, 2007, CITA notified interested parties of, and posted on its website, the accepted petition and requested that interested entities provide, by September 4, 2007, a response advising of its objection to the commercial availability request or its ability to supply the subject product. CITA also explained that rebuttals to

responses were due to CITA by September 10, 2007.

No interested entity filed a response advising of its objection to the request or its ability to supply the subject product.

In accordance with Section 203(o)(4)(C) of the CAFTA-DR Act, and its procedures, as no interested entity submitted a response objecting to the request or expressing an ability to supply the subject product, CITA has determined to add the specified fabrics to the list in Annex 3.25 of the CAFTA-DR Agreement.

The subject fabrics are added to the list in Annex 3.25 of the CAFTA-DR Agreement in unrestricted quantities.

Woven fabric specifications:

HTS Subheading:	5515.11.00
Fiber content:	50 to 77 percent polyester (except for fabrics comprising single yarns in the warp, the polyester content may be higher); 18 to 47 percent rayon; 3 to 8 percent spandex
Staple length:	4.44 to 6.99 centimeters
Yarns	(three configurations): Configuration 11: Warp and filling: plied polyester/rayon staple of various yarn sizes, combined with spandex filament of various deniers. Configuration 12: Warp and filling: 34/1 metric or finer* polyester/rayon staple yarn, combined with spandex filament yarn of various deniers. Configuration 13: Warp: 34/1 metric or finer* polyester/rayon staple, or plied polyester/rayon staple of various yarn sizes, combined with spandex filament of various deniers. Filling: singles or plied polyester filament of various yarn sizes, combined with spandex filament of various deniers.
	* NOTE:The designation "34/1 (English 20/1) or finer" describes a range of yarn specifications for yarn in its greige condition before dyeing and finishing of the yarn (if applicable) and before weaving, dyeing and finishing of the fabric. It is intended as a specification to be followed by the mill in sourcing yarn used to produce the fabric. Dyeing, finishing and weaving can alter the characteristic of the yarn as it appears in the finished fabric. This specification therefore includes yarns appearing in the finished fabric as coarser than 34/1 (English 20/1) provided that the coarser appearance occurs solely as the result of such processes.
Thread count:	23 to 51 warp ends by 16 to 39 filling picks per centimeter
Weave type:	Various (including plain and twill)
Weight:	200 to 290 grams per square meter for fabrics comprising of single yarns in the warp 200 to 310 grams per square meter for fabrics comprising of plied yarns in the warp
Width:	121 to 165 centimeters
Finish:	Dyed and of yarns of different colors

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Corporation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Comments

A 60-day public comment Notice was published in the **Federal Register** on Wednesday, July 18, 2007. This comment period ended September 17, 2007. Four public comments were received from this Notice. Two commenters asked whether they would have to retain non-selected member applications. Two commenters requested clarification of the following terms: "disaster response certification," "mentors," "disaster preparedness and response," and "children of incarcerated parents." Grantees will not be required to retain non-selected member applications. Clarification will be provided to commenters and other stakeholders in the form of a Frequently Asked Question document that will be widely distributed, and posted on the Corporation Web site soon after this information collection is reviewed by OMB.

Description: The Corporation is seeking approval of the attached Demographic Elements for Reporting which will be used by grantees of the Corporation's AmeriCorps State and National in their annual reporting. The Demographic Reporting Elements will provide information for Corporation staff to monitor grantee progress, and to respond to requests from Congress and other stakeholders.
