Agency Information Collection Activities: Proposed Collection: Comment Request

In compliance with the requirement for opportunity for public comment on

proposed data collection projects (section 3506(c)(2)(A) of Title 44, United States Code, as amended by the Paperwork Reduction Act of 1995, Pub. L. 104-13), the Health Resources and Services Administration (HRSA) publishes periodic summaries of proposed projects being developed for submission to OMB under the Paperwork Reduction Act of 1995. To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, call the HRSA Reports Clearance Officer on (301) 443-1129.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: Grantee Reporting Requirements for the Rural Health Network Development Grant Program (OMB No. 0915-0218)—Revision

This is a request for revision of the reporting requirements for the Rural

Health Network Development Grant Program authorized by section 330A of the Public Health Service Act as amended by the Health Centers Consolidation Act of 1996 (Pub. L. 104-229).

The purpose of the program is to assist in the development of integrated networks of health care providers in rural communities. Grantee networks work to strengthen the health care delivery system in their service areas thereby improving access to, restraining the cost of, and improving the quality of essential health care services for rural residents. Grantees submit annual reports that provide information on progress toward goals and objectives of the network, specific network activities, and certain financial data related to the grant budget.

The information is used to evaluate progress on the grants, to identify grantees in need of technical assistance, and to identify best practices in the development of rural health networks. The information is also used to evaluate the impact of networks on access of care and quality of care. To minimize the burden on grantees, the reports will be submitted electronically. The estimated burden is as follows:

HRSA form	Number of responses	Responses per respondent	Total responses	Hours per responses	Total burden hours
Tracking	45	1	45	1.5	67.5

Written comments and recommendations concerning the proposed information collection should be sent within 60 days of this notice to: Susan G. Queen, Ph.D., HRSA Reports Clearance Officer, Room 11-05, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857.

Dated: January 18, 2002.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Health Resources and Services Administration (HRSA) publishes abstracts of information collection requests under review by the Office of Management and Budget, in compliance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35). To request a copy of the clearance requests submitted to OMB for review, call the HRSA Reports Clearance Office on (301) 443-1129.

The following request has been submitted to the Office of Management

and Budget for review under the Paperwork Reduction Act of 1995:

Proposed Project: Healthy Schools, Healthy Communities User/Visit Surveys—NEW

The Bureau of Primary Health Care of HRSA is planning to conduct User/Visit Surveys of the Healthy Schools, Healthy Communities (HSHC) Program. The purpose of these surveys is to obtain nationally representative data about the patients of HSHC health centers and the services provided to them. The study consists of two parts. One is the User Survey, which involves interviewing HSHC patients or their parents about the patients' health and health care. The second is the Visit Survey, in which patient visit data will be collected from medical records in order to find out what health services are being used by

patients. The data collected will provide policymakers with a better understanding of the services students are receiving at HSHC health centers and how well these centers are meeting the needs of students. The surveys will provide new information about health care received in HSHC settings.

Data from the surveys will provide quantitative information on the population served by the HSHC program, specifically: (a) Sociodemographic characteristics, (b) health care access and utilization, (c) health status and morbidity, (d) health care experiences and risk behaviors, (e) content of medical encounters, (f)

preventive care and (g) patient satisfaction. These surveys will provide data useful to the program and will enable HRSA to provide data required by Congress under the Government Performance and Results Act of 1993.

The estimated burden on respondents is as follows:

Respondents	Number of respondents	Hours per respondent	Total Hour burden
Adolescent Users	500	.5	250
Guardians (Proxies) of Users	500	.5	250
Medical Records	1000	.25	250
Total	1000	750

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: John Morrall, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: January 18, 2002.
