OMB Control Number: 0579–0261.

Persons who request changes to the import regulations and who wish to import plants, plant parts, or plant products that are not allowed importation into the United States, must file a request with the Animal and Plant Health Inspection Service (APHIS) for consideration to determine whether the new commodity may be safely imported. Section 319.5 provides the requirements for the submission of these requests. This request process requires the use of information collection activities, including information about the requestor, information about the commodity to be imported, shipping information, a description of pests and diseases associated with the commodity, risk mitigation or management strategies, and additional information as
