Commodity Credit Corporation

Announcement of the Foreign Market Development Cooperator Program for Fiscal Year 2002

AGENCY: Commodity Credit Corporation, USDA.

ACTION: Notice.

SUMMARY: This notice announces the application period for the Fiscal Year 2002 Foreign Market Development Cooperator (Cooperator) Program.

DATES: All applications must be received by 5 p.m. Eastern Standard Time, March 12, 2001.

FOR FURTHER INFORMATION CONTACT: Marketing Operations Staff, Foreign Agricultural Service, U.S. Agricultural Service, U.S. Department of Agriculture, STOP 1042, 1400 Independence Ave., SW., Washington, DC 20250, (202) 720-4327.

SUPPLEMENTARY INFORMATION:

Introduction

The Commodity Credit Corporation (CCC) announces that applications are being accepted for participation in the Fiscal Year 2002 Cooperator program. The program is designed to create, expand, and maintain foreign markets for United States agricultural commodities and products through cost-share assistance. Financial assistance under the Cooperator program will be made available on a competitive basis and applications will be reviewed against the evaluation criteria contained herein. The Cooperator program is administered by personnel of the Foreign Agricultural Service (FAS).

Under the Cooperator program, CCC enters into agreements with nonprofit U.S. trade organizations that have the broadest possible producer representation of the commodity being promoted and gives priority to those organizations that are nationwide in membership and scope. Cooperators may only receive assistance for the promotion of generic activities that do not involve promotions targeted directly at consumers. The program generally operates on a reimbursement basis.

Authority

The Cooperator program is authorized by Section 5(f) of the Commodity Credit Corporation Charter Act, 15 U.S.C. 714c(f). Cooperator program regulations appear at 7 CFR part 1484.

Eligible Applicants

To participate in the Cooperator program, an applicant must be a nonprofit U.S. agricultural trade organization.

Application Process

To be considered for the Cooperator program, an applicant must submit to FAS information required by the Cooperator program regulations set forth in 7 CFR part 1484. Incomplete applications and applications that do not otherwise conform to this announcement will not be accepted for review.

We also point out that FAS administers various other agricultural export assistance programs, including the Market Access Program (MAP), Cochran Fellowships, the Emerging Markets Program, the Quality Samples Program, Section 108 foreign currency program, and several Export Credit Guarantee programs. Organizations which are interested in applying for Cooperator program funds are encouraged to submit their requests using the Unified Export Strategy (UES) format. The UES allows interested entities to submit a consolidated and strategically coordinated single proposal that incorporates requests for funding and recommendations for virtually all FAS marketing programs, financial assistance programs, and market access programs. The suggested UES format encourages applicants to examine the constraints or barriers to trade they face, identify activities which would help overcome such impediments, consider the entire pool of complementary marketing tools and program resources, and establish realistic export goals. Applicants are not required, however, to use the UES format.

Organizations can submit applications in the UES format by two methods. The first allows an applicant to submit information directly to FAS through the UES application Internet site. FAS highly recommends applying via the Internet, as this format virtually eliminates paperwork and expedites the FAS processing and review cycle. Applicants also have the option of submitting electronic versions (along with two paper copies) of their applications to FAS on diskette.

Applicants planning to sue the Internet-based system must contact the
