SUPPLEMENTARY INFORMATION:

Background

On January 31, 2022, Commerce disclosed its calculations for the *Final Results*¹ to interested parties and provided interested parties with the opportunity to allege ministerial errors.² On February 7, 2022, Evraz Inc. NA (Evraz), the sole mandatory respondent, submitted an allegation of ministerial errors in the *Final Results*.³ No other party made an allegation of ministerial errors. On February 11, 2022, the American Line Pipe Producers

Association (ALPPA), a domestic interested party, rebutted Evraz's ministerial error allegation.⁴

Legal Framework

Section 751(h) of the Tariff Act of 1930, as amended (the Act), defines a "ministerial error" as including "errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other unintentional error which the administering authority considers ministerial." With respect to final results of administrative reviews, 19 CFR 351.224(e) provides that Commerce "will analyze any comments received and, if appropriate, correct any ministerial error by amending . . . the final results of review . . ."

Ministerial Error

We agree with Evraz that Commerce made a ministerial error in the *Final Results* within the meaning of section 751(h) of the Act and 19 CFR 351.224(f). In the *Final Results*, we intended to offset Evraz's reported section 232 duty expense by the reported section 232 duty revenue capped at the amount of the expense and to deduct the net amount from the export price as a movement expense.⁵ However, in calculating the offset, we unintentionally used an erroneous capping formula. Accordingly, Commerce determines that it made a ministerial error in the *Final Results* pursuant to section 751(h) of the Act and 19 CFR 351.224(f) and has amended its calculations to apply the intended capping formula.

For a complete discussion of the ministerial error allegation, as well as Commerce's analysis, see the accompanying Ministerial Error Memorandum.⁶ The Ministerial Error Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>.

Pursuant to 19 CFR 351.224(e), Commerce is amending the *Final Results* to reflect the correction of this ministerial error in the calculation of the weighted-average dumping margin
