Total Annual Burden: 50,857 hours.

Total Annual Cost: No Cost.

Nature and Extent of Confidentiality: The Federal Communications Commission (Commission) notes that the Universal Service Administrative Company (USAC or Administrator) must preserve the confidentiality of all data obtained from respondents and contributors to the universal service support program mechanism; must not use the data except for purposes of

administering the universal service program; must not use the data except for purposes of administering the universal support program; and must not disclose data in company-specific form unless directed to do so by the Commission. Parties may submit confidential information in relation pursuant to a protective order. Also, respondents may request materials or information submitted to the Commission or to the Administrator believed confidential to be withheld from public inspection under 47 CFR 0.459 of the FCC's rules.

Needs and Uses: The Commission is requesting the Office of Management and Budget (OMB) approval for this revised information collection. On November 18, 2011, the Commission adopted an order reforming its high-cost universal service support mechanisms. *Connect America Fund; A National Broadband Plan for Our Future; Establish Just and Reasonable Rates for Local Exchange Carriers; High-Cost Universal Service Support; Developing a Unified Intercarrier Compensation Regime; Federal-State Joint Board on Universal Service; Lifeline and Link-Up; Universal Service Reform—Mobility Fund*, WC Docket Nos. 10–90, 07–135, 05–337, 03–109; GN Docket No. 09–51; CC Docket Nos. 01–92, 96–45; WT Docket No. 10–208, Order and Further Notice of Proposed Rulemaking, 26 FCC Rcd 17663 (2011) (*USF/ICC Transformation Order*). The Commission and Wireline Competition Bureau have since adopted a number of orders that implement the *USF/ICC Transformation Order*; see also *Connect America Fund et al.*, WC Docket No. 10–90 et al., Third Order on Reconsideration, 27 FCC Rcd 5622 (2012); *Connect America Fund et al.*, WC Docket No. 10–90 et al., Order, 27 FCC Rcd 605 (Wireline Comp. In 2019, the Commission adopted an order establishing a separate, parallel high-cost program for the U.S. territories suffering extensive infrastructure damage due to Hurricanes Irma and Maria. *The Uniendo a Puerto Rico Fund and the Connect USVI Fund, et al.*, WC Docket No. 18–143, et al., Report and Order and Order on Reconsideration, 34 FCC Rcd 9109 (2019) (*Puerto Rico and USVI Stage 2 Order*). Also, in the 2019 *Supply Chain Order*, the Commission adopted a rule prohibiting the use of Universal Service Fund (USF) support, including high-cost universal service support, to purchase or obtain any equipment or services produced or provided by a covered company posing a national security threat to the integrity of communications networks or the communications supply chain. *Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs*, WC Docket No. 18–89, Report and Order, Further Notice of Proposed Rulemaking, and Order, 34 FCC Rcd 11423, 11433, para. 26. See also 47 CFR 54.9.

Through several orders, the Commission has changed, modified, and eliminated certain reporting obligations for high-cost support. These changes are outlined in the following:

On January 30, 2020, the Commission adopted an order establishing the framework for the Rural Digital Opportunity Fund (RDOF), building on the successful Connect America Fund (CAF) Phase II auction. *Rural Digital Opportunity Fund; Connect America Fund*, WC Docket Nos. 19–126 and 10–90, Report and Order, 35 FCC Rcd 686 (2020) (*RDOF Order*). The RDOF represents the Commission's single biggest step to close the digital divide by

providing up to \$20.4 billion to connect millions more rural homes and small businesses to high-speed broadband networks. In the *RDOF Order*, “[t]o ensure that support recipients are meeting their deployment obligations,” the Commission “adopt[ed] essentially the same reporting requirements for the RDOF that the Commission adopted for the CAF Phase II auction.” *Id.* at 712, para. 56.

In the *2020 Supply Chain Order*, the Commission adopted two additional supply chain rules associated with newly required certifications. *Protecting Against National Security Threats to the Communications Supply Chain Through FCC Programs*, WC Docket No. 18–89, Second Report and Order, 35 FCC Rcd 14284 (2020) (*2020 Supply Chain Order*). First, the Commission adopted a rule, 47 CFR 54.10, to prohibit the use of a Federal subsidy made available through a program administered by the Commission that provides funds to be used for the capital expenditures necessary for the provision of advanced communications services has been or will be used to purchase, rent, lease, or otherwise obtain, any covered communications equipment or service, or maintain any covered communications equipment or service previously purchased, rented, leased, or otherwise obtained. Second, the Commission adopted a rule, 47 CFR 54.11, which requires each eligible telecommunications carrier receiving universal service fund support to remove and replace all covered communications equipment and services from their networks, and subsequently certify prior to receiving a funding commitment or support that it does not use covered communications equipment or services. The Commission also adopted procedures, consistent with the Secure and Trusted Communications Networks Act of 2019 (Pub. L. 116–124), to identify such covered equipment and services and publish a Covered List. That list was published March 12, 2021 and will be updated as needed.

In the *Rate Floor Repeal Order*, the Commission decided to “eliminate the rate floor and, following a one-year period of monitoring residential retail rates, eliminate the accompanying reporting obligations after July 1, 2020.” *Connect America Fund*, WC Docket No. 10–90, Order, 34 FCC Rcd 2621, 2621 para. 2 (2019) (*Rate Floor Repeal Order*); see also 47 CFR 54.313(h). As explained in the *Order*, the rate floor was “[i]ntended to guard against artificial subsidization of rural end user rates significantly below the national urban average” but, practically speaking,

“increase[d] the telephone rates of rural subscribers . . . and individuals living on Tribal lands.” *Rate Floor Repeal Order*, 34 FCC Rcd at 2621 para. 1.

The Commission therefore proposes to revise this information collection, as well as the Form 481 and its accompanying instructions, to reflect these modified and eliminated requirements. Finally, the Commission proposes to increase the respondents associated with existing reporting requirements to account for additional carriers that will be subject to those requirements.
