

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would establish controlled airspace at Mahanomen County Airport, Mahanomen, MN.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

The Proposal

This action proposes to amend Title 14, Code of Federal Regulations (14 CFR), Part 71 by establishing Class E airspace extending upward from 700 feet above the surface within a 8-mile radius to accommodate new standard instrument approach procedures at Walker Municipal Airport, Walker, MN. Controlled airspace is needed for the safety and management of IFR operations at the airport.

Class E airspace areas are published in Paragraph 6005 of FAA Order 7400.9W, dated August 8, 2012 and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

It, therefore, (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. 34 CFR Chapter VI

[Docket ID ED-2012-OPE-0008]

Negotiated Rulemaking Committee; Public Hearings; Correction

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Intent to establish negotiated rulemaking committee; correction.

SUMMARY: In May 2012, we announced our intention to establish a negotiated rulemaking committee to prepare proposed regulations for the Federal Student Aid programs authorized under title IV of the Higher Education Act of 1965, as amended. On April 16, 2013, we published in the **Federal Register** a notice announcing additional topics for consideration by that committee. We announced three public hearings at which interested parties may comment. We also announced that for anyone unable to attend a public hearing, we would accept written comments. This document corrects the inconsistent docket numbers we provided for commenters in the April 16 document. The correct docket number is ED-2012-OPE-0008.

DATES: Effective April 30, 2013.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of April 16, 2013 (78 FR 22467), on page 22467, in the first column, in the headings for the notice, we correct the docket number to read: "[Docket ID ED-2012-OPE-0008]"

The docket number for the notice is correctly stated as "ED-2012-OPE-0008" on page 22467 in the third column of the notice. However, in the heading in the first column on page 22467, the docket number is incorrectly stated as "ED-2013-OPE-0008," rather than the correct "ED-2012-OPE-0008." We are correcting that error.
