

guidance to the single family housing mortgage industry regarding changes in FHA's program is essential to protect the fund. The information requests referred to in this PRA submission is to provide information to support HUD's policy and guidance.

Respondents: Business or other for profit and Individuals or households.

Estimated Number of Respondents: 182.

Estimated Number of Responses: 15,834.

Frequency of Response: 87.

Average Hours per Response: 1.1249821.

Total Estimated Burdens: 17,813.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

(5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

Dated: August 14, 2020.

Anna Guido,

[Docket No. FWS-R4-ES-2020-0089;
FXES1113040000EA-123-FF04EF1000]

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Alabama Beach Mouse, Baldwin County, AL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from SeaGlades at St. Andrew Bay (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed Alabama beach mouse incidental to construction of twenty-seven single family homes and amenities in Baldwin County, Alabama. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and the Service's preliminary determination that this HCP qualifies as "low-effect," categorically excluded, under the National Environmental Policy Act. To make this determination, we used our low-effect screening form, which is also available for public review.

DATES: We must receive your written comments on or before September 21, 2020.

ADDRESSES:

Obtaining Documents: You may obtain copies of the documents online in Docket No. FWS-R4-ES-2020-0089 at <http://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by any of the following methods:

- *Online:* <http://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS-R4-ES-2020-0089.

- *U.S. Mail:* Public Comments Processing, Attn: Docket No. FWS-R4-ES-2020-0089; U.S. Fish and Wildlife Service, MS: PRB/3W, 5275 Leesburg Pike, Falls Church, VA 22041-3803.

FOR FURTHER INFORMATION CONTACT: Mr. William Lynn by telephone at (251) 441-5868 or via email at William_Lynn@fws.gov. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service, announce

receipt of an application from SeaGlades at St. Andrew Bay (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*) The applicant requests the ITP to take the federally listed Alabama beach mouse (*Peromyscus polionotus ammobates*) incidental to the construction of 27 single-family homes and amenities (project) in Baldwin County, Alabama. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP) and the Service's preliminary determination that this HCP qualifies as "low-effect," categorically excluded, under the National Environmental Policy Act (NEPA; 42 U.S.C. 4231 *et seq.*) To make this determination, we used our and low-effect screening form, which is also available for public review.

Project

The applicant requests a 50-year ITP to take Alabama beach mice through the conversion of approximately 2.58 acres of occupied Alabama beach mouse habitat incidental to the construction of 27 single-family homes with amenities located on a 10.53-acre parcel in Baldwin County, Alabama. The applicant proposes to minimize and mitigate for take of the Alabama beach mouse through standard minimization, mitigation measures and monitoring onsite population of the species with fall and spring trapping surveys (twice a year) for the next 50 years. Standard mitigation and minimization measures are a reduced footprint of 0.10 acres or less for each lot (27 lots) within the 10.53-acre parcel, creation of an on-site Alabama beach mouse conservation area and a \$37,000 monitoring and dune management fund. The applicant also will install fully shielded exterior lighting, tinted windows, native vegetation for landscaping, and driveway materials that will not disperse in a storm surge. There will be refuse control, restoration of habitat after tropical storms, and prohibitions on the use of exterior rodenticides and cats roaming free within the property. The Service would require that the applicant ensure that all funding for the HCP is available upfront and prior to its engaging in activities associated with the project.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment, including your personal identifying information, may be made

available to the public. While you may request that we withhold your personal identifying information, we cannot guarantee that we will be able to do so.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's project, including land clearing, infrastructure building, landscaping, and the proposed minimization and mitigation measures, would individually and cumulatively have a minor or negligible effect on the Alabama beach mouse and the environment. Therefore, we have preliminarily concluded that the ITP for this project would qualify for categorical exclusion and the HCP is low effect under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and (3) impacts that, when considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects, would not over time result in significant cumulative effects to environmental values or resources over time.

Next Steps

The Service will evaluate the application and the comments received to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number TE63246D-0 to SeaGlades at St. Andrew Bay.

Authority

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c)) of the ESA and NEPA regulation 40 CFR 1506.6.

William Pearson,

Field Supervisor, Alabama Ecological Service Office.

BILLING CODE 4333-15-P

DEPARTMENT OF THE INTERIOR

[201D0102DM, DS6CS00000, DLSN00000.000000, DX6CS25]; OMB Control No. 1093-NEW]

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Youth Conservation Corps Application and Medical History

AGENCY: Office of the Secretary, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Department of the Interior (DOI) are proposing a new information collection.

DATES: Interested persons are invited to submit comments on or before September 21, 2020.

ADDRESSES: Send your comments and suggestions on the information collection requirements to the Desk Officer for the Department of the Interior at OMB-OIRA at (202) 395-5806 (fax) or *OIRA_Submission@omb.eop.gov* (email). Please provide a copy of your comments to Jeffrey Parrillo, Departmental Information Collection Clearance Officer, 1849 C Street NW, Washington, DC 20240; or by email to *DOI-PRA@ios.doi.gov*. Please reference OMB Control Number 1093-YCC in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Jeffrey Parrillo, Departmental Information Collection Clearance Officer, 1849 C Street NW, Washington, DC 20240; or by email to *DOI-PRA@ios.doi.gov* or by telephone at 202-208-7072. Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of

information was published on January 31, 2020 (85 FR 5691). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: We are requesting review and approval from OMB of a new ICR associated with the Youth Conservation Corps (YCC) application process to comply with the requirements of section 3506(c)(2)(A) of the PRA. The approval of the YCC application and medical history forms is essential to ensuring completion of agencies' conservation work on public lands. Without OMB approval, collection of applications would not begin until well into the hiring season, resulting in delays of critical conservation projects, some of which are necessary to ensure the safety of visitors to public lands.

Under the Youth Conservation Corps Act of August 13, 1970, as amended (U.S. 18701-1706), the U.S. Department of Interior provides seasonal employment for eligible youth 15 through 18 years old. The Youth
