#### Trunkline Gas Company, LLC; Notice of Request Under Blanket Authorization

January 31, 2008.

Take notice that on January 23, 2008, Trunkline Gas Company, LLC

(Trunkline), P. O. Box 4967, Houston, Texas 77210-4967, filed in Docket No. CP08-61-000, a prior notice request pursuant to sections 157.205, 157.210, and 157.216 of the Federal Energy Regulatory Commission's regulations under the Natural Gas Act for authorization to relocate an existing interconnect with Enbridge Pipeline (East Texas) L.P. (Enbridge), located in Hardin County, Texas, and increase the certificated capacity of Trunkline's North Texas transmission system by 40 MMcf/d, all as more fully set forth in the application, which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. Specifically, Trunkline proposes to relocate the Enbridge Pipeline (East Texas) L.P. Meter Station from its current location at Trunkline's existing Kountze Compressor Station, located in Kountze, Hardin County, Texas, to a new location near Silsbee, Hardin County, Texas. Trunkline states that the relocation will increase the certificated capacity of Trunkline's North Texas transmission system expansion facilities by 40 MMcf/d. Trunkline asserts that the increase in capacity will benefit Trunkline's shippers. Trunkline declares that it will be able to receive, and, at the same time, Enbridge will be able to increase the volumes of natural gas being delivered to Trunkline for further transportation to natural gas markets. Trunkline proposes to relocate the Enbridge facilities located at the Kountze Compressor Station approximately 15 miles east and install and own two 12-inch hot tap assemblies on existing 24-inch Lines 100-1 and 100-2, and install a 16-inch above-grade valve that will function as the overpressure protection device and RTU. Trunkline estimates the cost to relocate the meter station to be \$983,040.

Any questions regarding the application should be directed to Stephen T. Veatch, Regulatory Affairs, Trunkline Gas Company, LLC, 5444 Westheimer Road, Houston Texas 77056, call (713) 989-2024, fax (713) 989-1158, or by e-mail [Stephen.Veatch@SUG.com](mailto:Stephen.Veatch@SUG.com).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Additional Information About the Proposed Settlement**

Battery Council International (BCI) filed a petition for review of the rules applicable to Lead Acid Battery Manufacturing on September 13, 2007. BCI raised issues regarding the scope of the performance test requirement in Subpart PPTPPP, 40 CFR 63.11423(c)(1) of the Battery NESHAP.

The settlement agreement provides that within three days after the agreement is executed BCI and EPA will jointly notify the Court of this settlement agreement and request that the case continue to be held in abeyance. The settlement agreement states that EPA shall sign a notice of proposed rulemaking and/or direct final rulemaking that contains a technical amendment to the Battery NESHAP that is substantially the same in substance as set forth in Attachment A. If EPA signs

and thereafter publishes in the **Federal Register** a final rule that contains a technical amendment to the Battery NESHAP that is substantially the same in substance as set forth in Attachment A to the settlement agreement, BCI and EPA will file the appropriate pleading for the dismissal of the petition for review with prejudice in accordance with Rule 42(b) of the Federal Rules of Appellate Procedures, with each party to bear its own costs and attorneys' fees.

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed settlement agreement. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment which may be submitted, that consent to the settlement agreement should be withdrawn, the terms of the agreement will be affirmed.

##### **II. Additional Information About Commenting on the Proposed Settlement Agreement**

###### *A. How Can I Get a Copy of the Settlement Agreement?*

Direct your comments to the official public docket for this action under Docket ID No. EPA-HQ-OGC-2008-0076, which contains a copy of the settlement agreement. The official public docket is available for public viewing at the Office of Environmental Information (OEI) Docket in the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OEI Docket is (202) 566-1752.

An electronic version of the public docket is available through [www.regulations.gov](http://www.regulations.gov). You may use the [www.regulations.gov](http://www.regulations.gov) Web site to submit or view public comments, access the index listing of the contents of the official public docket, and access those documents in the public docket that are available electronically. Once in the system, select "search," then key in the appropriate docket identification number.

It is important to note that EPA's policy is that public comments, whether

submitted electronically or in paper, will be made available for public viewing online at [www.regulations.gov](http://www.regulations.gov) without change, unless the comment contains copyrighted material, CBI, or other information whose disclosure is restricted by statute. Information claimed as CBI and other information whose disclosure is restricted by statute is not included in the official public docket or in the electronic public docket. EPA's policy is that copyrighted material, including copyrighted material contained in a public comment, will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the EPA Docket Center.

###### *B. How and To Whom Do I Submit Comments?*

You may submit comments as provided in the **ADDRESSES** section. Please ensure that your comments are submitted within the specified comment period. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

If you submit an electronic comment, EPA recommends that you include your name, mailing address, and an e-mail address or other contact information in the body of your comment and with any disk or CD ROM you submit. This ensures that you can be identified as the submitter of the comment and allows EPA to contact you in case EPA cannot read your comment due to technical difficulties or needs further information on the substance of your comment. Any identifying or contact information provided in the body of a comment will be included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment.

Use of the [www.regulations.gov](http://www.regulations.gov) Web site to submit comments to EPA electronically is EPA's preferred method for receiving comments. The electronic public docket system is an "anonymous access" system, which means EPA will not know your identity, e-mail address, or other contact information unless you provide it in the body of your comment. In contrast to EPA's electronic public docket, EPA's electronic mail (e-mail) system is not an "anonymous access" system. If you send an e-mail comment

directly to the Docket without going through [www.regulations.gov](http://www.regulations.gov), your e-mail address is automatically captured and included as part of the comment that is placed in the official public docket, and made available in EPA's electronic public docket.

Dated: January 30, 2008.
