

applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Neurological Sciences Training Initial Review Group, NST-1 Subcommittee.

Date: September 8–9, 2008.

Time: 8 a.m. to 5 p.m.

Agenda: To review and evaluate grant applications.

Place: The M Street Renaissance Hotel, 1143 New Hampshire Avenue, NW., Washington, DC 20037.

Contact Person: Raul A. Saavedra, PhD, Scientific Review Officer, Scientific Review Branch, Division of Extramural Research, NINDS/NIH/DHHS, NSC; 6001 Executive Blvd., Ste. 3208, Bethesda, MD 20892–9529, 301–496–9223, saavedrr@ninds.nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

National Institutes of Health

National Institute on Deafness and Other Communication Disorders; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Deafness and Other Communication Disorders Special Emphasis Panel, T35 Short-Term Institutional Research Training Grant.

Date: September 24, 2008.

Time: 12 p.m. to 1:30 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6120 Executive Blvd., Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Christopher Moore, PhD, Scientific Review Officer, Division of Extramural Activities, National Institutes of Health/NIDCD, 6120 Executive Blvd, Rm. 400C, Bethesda, MD 20892–7180, 301–402–3587, moorechristopher@nidcd.nih.gov.

Name of Committee: National Institute on Deafness and Other Communication Disorders Special Emphasis Panel, P30 Research Core Center.

Date: September 30, 2008.

Time: 1:30 a.m. to 3:30 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6120 Executive Blvd., Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Christine A. Livingston, PhD, Scientific Review Administrator, Division of Extramural Activities, National Institutes of Health/NIDCD, 6120 Executive Blvd.—MSC 7180, Bethesda, MD 20892, (301) 496–8683, livingstc@mail.nih.gov.

Name of Committee: National Institute on Deafness and Other Communication Disorders Special Emphasis Panel, R03 Hearing and Balance.

Date: October 7, 2008.

Time: 12 p.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6120 Executive Blvd., Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Sheo Singh, PhD, Scientific Review Officer, Scientific Review Branch, Division of Extramural Activities, Executive Plaza South, Room 400C, 6120 Executive Blvd., Bethesda, MD 20892, 301–496–8683, singhs@nidcd.nih.gov.

Name of Committee: National Institute on Deafness and Other Communication Disorders Special Emphasis Panel, R03 Voice, Speech, & Language.

Date: October 9, 2008.

Time: 12 p.m. to 3 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6120 Executive Blvd., Rockville, MD 20852 (Telephone Conference Call).

Contact Person: Christopher Moore, PhD, Scientific Review Officer, Division of Extramural Activities, National Institutes of Health/NIDCD, 6120 Executive Blvd, Rm. 400C, Bethesda, MD 20892–7180. 301–402–3587, moorechristopher@nidcd.nih.gov.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276-1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use

of automated collection techniques or other forms of information technology.

Proposed Project: GPRA Client Outcomes for the Substance Abuse and Mental Health Services Administration (SAMHSA)—(OMB No. 0930-0208)—Revision

SAMHSA's Center for Substance Abuse Treatment (CSAT) is responsible for collecting data from discretionary services grants and contracts where client outcomes are to be assessed at three points (intake, discharge, and post-intake). SAMHSA's CSAT-funded projects are required to submit these data as a contingency of their award. The analysis of the data also will help determine whether the goal of reducing health and social costs of drug use to the public is being achieved.

The primary purpose of this data collection activity is to meet the reporting requirements of the Government Performance and Results Act (GPRA) by allowing SAMHSA to quantify the effects and accomplishments of SAMHSA's CSAT programs.

CSAT requests approval to increase the number of questions in the instrument due to the agency's need for additional information from its programs to satisfy reporting needs. The additional information needed is the following:

- *Co-Occurring Disorders Screening*—Over the years, CSAT has focused attention on co-occurring disorders and has established programs designed specifically for persons with both co-occurring disorders and substance abuse problems. CSAT wants to make sure that all clients are screened regardless of the types of program they enter in order to get the treatment they need. CSAT has not had a formal way of assessing whether all programs screen clients for co-occurring disorders and consequently, these disorders potentially go untreated. CSAT will be able to monitor if clients are screened and for those who screen positive, monitor their outcomes and activities per the NOMS.

- *Veteran Status*—Collection of these data will allow CSAT to identify the number of veterans served and the types of services they received. Identifying a client's veteran's status allows CSAT and the grantees to monitor these clients and explore whether special services or

programs are needed to treat them for substance abuse and other related issues. Identification of veteran status will also allow coordination between SAMHSA and other Federal agencies in order to provide a full range of services to veterans. CSAT will also be able to monitor their outcomes and activities per the NOMS.

- *HIV Test Status*—SAMHSA is committed to addressing the twin epidemics of HIV and substance abuse; the agency has received funding to augment the HIV testing program and hopes to reduce the number of new cases. The goal is for at least 80 percent of the clients to be tested for HIV. The test results give clients and programs an important piece of information needed for their substance abuse treatment plans. With the testing information, CSAT will monitor the numbers of treatment clients who have been tested.

In addition, we will add a response option to an existing item:

- *Housing for College Students*—Housing stability is one of the NOMS and should be calculated as accurately as possible, particularly for programs that target college students such as Campus SBIRT. There currently is no way to distinguish the housing status of students living on campus from those housed elsewhere. This additional information can be captured by adding a new response option for the existing housing question.

CSAT requests approval to add a grant program to this data collection:

- CSAT will add the Access to Recovery (ATR) grant program to this data collection for the CSAT Government Performance and Results Act (GPRA) Client Outcome Measures for Discretionary Programs instrument. The Voucher Information Form (OMB 0930-0266, Expiration Date 5/31/11) and Voucher Transaction Form (OMB 0930-0266, Expiration Date 5/31/11) will remain under separate data collections. ATR requires the integration of evidence-based practices and a systematic federal scrutiny of outcomes through GPRA. The GPRA focuses on results or outcomes in evaluating the effectiveness of Federal activities and on measuring progress toward achieving national goals and objectives.

The estimated annual response burden for this data collection is provided in the table below:
