RIN 1904-AC70

Amendments and Correction to Petitions for Waiver and Interim Waiver for Consumer Products and Commercial and Industrial Equipment

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Final rule.

SUMMARY: In this final rule, DOE amends portions of its regulations governing petitions for waiver and interim waiver from DOE test procedures to restore, with minor amendments, text inadvertently omitted in the March 7, 2011 certification, compliance, and enforcement final rule. Additionally, the rule adopts a process by which other manufacturers of a product employing a specific technology or characteristic, for which DOE has granted a waiver to another manufacturer for a product employing that particular technology, would be required to petition for a waiver. The rule also sets forth a process for manufacturers to request rescission or modification of a waiver if they determine that the waiver is no longer needed, or for other appropriate reasons; adopts other minor modifications to the

waiver provisions for both consumer products and industrial equipment; and clarifies certain aspects related to the submission and processing of a waiver petition.

DATES: The effective date of this rule is June 9, 2014.
