

calendar quarter on channels carrying each of the top five national nonbroadcast networks. The rule requires that 50 hours per calendar quarter be provided in prime-time or during children's programming, while the additional 37.5 hours may be provided at any time between 6 a.m. and 11:59 p.m. local time. The top five national nonbroadcast networks are defined by an average of the national audience share during prime time of nonbroadcast networks that reach 50 percent or more of MVPD households and have at least 50 hours per quarter of prime time programming that is not live or near-live or otherwise exempt under the video description rules. The nonbroadcast networks currently subject to the video description requirements are USA, TNT, TBS, History, and the Disney Channel.

In accordance with the Commission's rules, the list of top five nonbroadcast networks will update at three year intervals to account for changes in ratings, and the second triennial update will occur on July 1, 2018, based on the 2016 to 2017 ratings year. According to data provided by the Nielsen Company, the top ten nonbroadcast networks for the 2016 to 2017 ratings year are: Fox News, ESPN, USA, MSNBC, HGTV, TBS, Discovery, History, Hallmark, and TNT.

If a program network believes it should be excluded from the list of top five networks covered by the video description requirements because it does not air at least 50 hours of prime time programming that is not live or near-live or is otherwise exempt, it must seek an exemption no later than 30 days after publication of this Public Notice in the **Federal Register**. The Media Bureau will promptly evaluate requests for exemption and will provide notice of any resulting revisions to the list.

Federal Communications Commission.

Thomas Horan,

Chief of Staff, Media Bureau.

This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection’s supporting statement and associated materials (see **ADDRESSES**).

CMS-10417 Medicare Fee-for-Service Early Review of Medical Records

Under the PRA (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the **Federal Register**

concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Medicare Fee-for-Service Early Review of Medical Records; *Use:* The Medical Review program is designed to prevent improper payments in the Medicare FFS program. Whenever possible, MACs are encouraged to automate this process; however it may require the evaluation of medical records and related documents to determine whether Medicare claims were billed in compliance with coverage, coding, payment, and billing policies.

The information required under this collection is requested by Medicare contractors to determine proper payment, or if there is a suspicion of fraud. Medicare contractors request the information from providers/suppliers submitting claims for payment when data analysis indicates aberrant billing patterns or other information which may present a vulnerability to the Medicare program. Extensive instructions to CMS contractors on medical review processes and procedures are contained in CMS’ Program Integrity Manual, 100-08 which can be found at <https://www.cms.gov/Regulations-and-Guidance/Guidance/Manuals/internet-Only-Manuals-IOMs-Items/CMS019033.html>. *Form Number:* CMS-10417 (OMB control number: 0938-0969); *Frequency:* Occasionally; *Affected Public:* Private Sector (Business or other for-profits; Not-for-profit institutions; *Number of Respondents:* 2,410,278; *Total Annual Responses:* 2,410,278; *Total Annual Hours:* 1,197,189.
